Evacuation Of French From Fort Delayed

Plane On Mercy
Trip For Wounded
Fails To Return

HANOI, Indochina, May 14 (AP)—The French Command announced tonight that a helicopter had flown to Dien Bien Phu to start an airlift of seriously wounded French soldiers from the fallen fortress but had failed to return.

The announcement corrected earlier reports from French sources that the first group of wounded had been flown to the Laotian capital of Luang Prabang from the Vietnam-held bastion 175 miles west of Hanoi.

A spokesman said the helicopter left Luang Prabang about 8 a.m. (7 p. m. EST, Thursday) and landed at Dien Bien Phu probably around 10 a.m. (9 p.m. EST, Thursday).

Storms In Area

He added that storms were sweeping the Dien Bien Phu area and may have prevented the aircraft from flying out again.

The command spokesman said he had no information to indicate that possibly there was "a political reason" why the evacuation had not started on schedule, or that there might have been a last minute hitch among conferees at Geneva who paved the way for the evacuation agreement.

(French sources in Geneva said the Communist-led Vietnamese regime in Indochina had raised its price for the evacuation of the wounded captured at Dien Bien Phu.)

The Vietnamese wants the whole area in and around the fortress neutralized to permit free movement of Vietnamese troops into and out of the region, French sources in Geneva said. Such freedom for the Vietnamese would assist them in moving their battle-seasoned troops around Dien Bien Phu to attack Hanoi and the Red River Delta. Recently the roads leading from Dien Bien Phu have been under heavy French air attack.)

Seriously Hurt Removed

Earlier, the French had said that 16 prisoners suffering serious head and stomach wounds had been picked up from the blood-soaked fortress and carried to Luang Prabang where they were to be transferred to larger planes for transportation to Hanoi and hospitals elsewhere.

Agreement to bring the wounded out was reached yesterday at Dien Bien Phu between the Communist commanders of the Vietnamese and a French mission headed by Dr. Pierre Huard, dean of Hanoi University's Medical School. Huard and his mission went to the fortress by helicopter.

Atomic Dust Causes Radio Activity In Lander To Increase

LANDER, Wyo., May 14 (AP)—Uranium hunters in this central Wyoming area are blaming atomic dust for a sudden jump in activity on the dials of their Geiger counters.

Even tests on Lander's main street yesterday showed radio activity five to six times the normal reading.

The condition was described as not dangerous. One prospector said it is "background" radioactivity, recorded only on the most sensitive bands of the meters.

Larence Berston, another prospector, said only normal background activity was found when he dug a hole and placed his Geiger counter in it. On the surface, however, the readings jumped again.

Coast Guard Uses Breeches Buoy To Rescue Ship's Crew

CAPE HATTERAS, N.C., May 14 (AP)—The 14 weary crewmen of a stranded Honduran freighter swung safely ashore today on a breeches buoy across a booming, storm-tossed surf.

The vessel, the 200-foot, wooden hulled Omar Babun, bound for Cuba with a cargo of heavy machinery, had encountered a storm off this "graveyard of the Atlantic" and suffered damages that included leaks.

Capt. Jose Villa radioed distress signals about 1 a.m., after shifting cargo had carried away deck supports and opened seams in the hull. Villa had sought to move in and anchor, but when the seas rose ever higher and the vessel's staying qualities weakened he ordered the Omar Babun beached.

Coast Guardsmen—booted, helmeted and rubber-jacketed—raced along shore from three life boat stations, but were unable to salvage job.

Indochina Peace Stand Is Eased

Reds Propose Supervised Armistice

GENEVA, May 14 (AP)—Soviet Foreign Minister V. M. Molotov moved slightly today from the rigid position taken by the Communists toward ending the war in Indochina. But formidable obstacles still stand between the Indochina conference and peace.

Molotov proposed an amendment to the Communist armistice plan presented earlier by Vietnamese representatives. The amendment provided for supervision of the armistice by a neutral nation's commission.

Both United States and French spokesmen declined comment, but one French delegation source said it was "a concession on one of the points which we regarded as most important."

Molotov, today's chairman, announced a two-day recess in Indochina talks. He said that a meeting restricted to delegation heads and three advisers each would be held on Monday. This was a move suggested to Molotov privately by British Foreign Secretary Anthony Eden earlier today.

The secret sessions will permit the parties involved—the Big Four, Red China, Laos, Cambodia, Viet Nam and the Vietnamese delegate—to get down to specific proposals.

One report said the French were expected to advance detailed proposals for arranging a cease-fire. This report was supported by the British spokesman, who said, "The United Kingdom believes the main thing is to get the fighting stopped." The spokesman gave the strong impression that Monday's meeting, with Eden as chairman, would be devoted to stopping the shooting as soon as possible.

Another factor affecting Indochina was the disclosure that the French and Americans were expected to open talks on the possibility of internationalizing the war. It was impossible to judge what effect this would have on conference deliberations. Communist delegates have been blasting almost daily at the United States for what they call "intervention" in Indochina and efforts to broaden the war.

Molotov himself, before bringing forward the modification of the Vietnamese proposal today, repeated the accusations about American designs in Asia and said his recital "testifies to the fact that intensified preparations for a new world war are being carried out."

Molotov said the talk about creation of "another defense community" actually was aimed at "building up a new military bloc to fight the national liberation movement of the peoples of Indochina and Southeast Asia."

Drenching Rains Cover Southeast

(By The Associated Press)

Drenching rains beat down on the southeastern section of the nation Friday.

The falls ranged as high as 2.10 inches at Cape Hatteras, N.C. Showers and widely scattered thunderstorms occurred in the Upper Mississippi Valley and northern Plains regions.

Most other areas had dry and mild-to-warm weather.

Soviet To Return American Ships

ISTANBUL, Turkey, May 14 (AP)—The Turkish Armed Forces Public Relations Bureau said tonight Russia tomorrow will start returning to the Americans a fleet of 38 small U.S. naval craft loaned to the Soviet Union in World War II.

The first top advisor challenged for security reasons was Dr. J. Robert Oppenheimer, a pioneer scientist in the atomic energy program. He was given a hearing, results of which have not yet been announced.

A commission staff member said reorganization of the New York office will result in letting out some people and transferring others but there was no indication that top level personnel might be affected.

The changes, to take effect July 1, will shift some New York functions to Oak Ridge, Tenn. The staff member said the New York office has been in charge of refining and processing raw materials into the "feed materials" used in actual atomic production work, and these activities will be shifted to Oak Ridge, which also is engaged in the production end of the program.

Coast Guard Warrant Officer H. A. Glyn, who directed the beach groups, said with a touch of pride that "one or two got their feet wet" but were unharmed. Sleepy and worn, the crewmen were taken to Oregon Inlet station, where they ate, dried out, and slept.

Glyn said that the 1,275-ton vessel, which grounded three miles north of the fishing village of Rodanthe, would present a major salvage job.

U. S., France Arrange Talks On Indochina

Will Discuss Specific Conditions For Allies To Intervene In War

WASHINGTON, May 14 (AP)—The United States and France have arranged high-level talks to discuss specific conditions under which American and other Allied forces might intervene in the war in Indochina.

Diplomatic officials said these secret conversations would start within the next few days, probably in Paris, in answer to an urgent French appeal for hard information about American intentions.

Both French and American authorities say France has not yet asked direct U.S. intervention.

American authorities emphasized that the agreement to talk with France did not constitute a U.S. commitment to enter the war. President Eisenhower, with the approval of Congress, will decide this, they said, if and when France meets conditions Secretary of State Dulles laid down in a speech on Indochina a week ago.

Dulles has informed French Ambassador Henri Bonnet, it was said, that the views set forth in this address were not just his own but represented clear-cut American government policy.

The Secretary said flatly that "the present situation does not provide a suitable basis for the United States to participate" in the seven-year old fight in Indochina.

France urgently requested the talks in order to guide her diplomats now negotiating a possible Indochina armistice at Geneva and to help devise future battlefield strategy in Indochina.

Specifies Conditions

These were the conditions Dulles laid down in last week's speech as apparently determining whether the United States would even consider such a far reaching step as joining her Allies in the struggle over Indochina:

1. French action to give "greater reality" to pledges of independence for the Indochinese states of Vietnam, Laos and Cambodia. The maximum offered by France has been independence within the French Union.

2. "Greater reliance upon the national armies" of the three Indochinese states with "better facilities for training and equipping" these native forces.

3. An "adequate collective effort" by other free governments based on "genuine mutuality of purpose in defending vital interests." Dulles made clear the United States would not "go it alone" if other free countries refuse to join this country in any defense of Southeast Asia.

4. Some action by the United Nations in "clarifying" the moral issues involved in this struggle against communism.

5. Approval by the American Congress of any move by the Eisenhower administration to send forces of any kind to Indochina.

77-Year-Old Bandit Is Slain By Hall Manager

DAVENPORT, Iowa, May 14 (AP)—A 77-year-old man was shot and killed today a short time after he robbed the Northwest Davenport Turner Hall of about \$7,900.

Police identified him as John Healy, alias John Ward, who had registered at a Davenport hotel. He was shot by LaVerne Ruefer, 42, manager of the hall, and died in a hospital.

Wearing a Hallowe'en mask and carrying a revolver, the elderly bandit appeared at the Ruefer apartment over the hall and told the manager, "I'm sorry about this. I need the money."

He forced Ruefer to open a safe in which funds of the fraternal society were kept. As he was making a getaway Ruefer got a shotgun he kept in his apartment and shot out a window at the man.

Ava In Hospital, Refuses Operation

MADRID, May 14 (AP)—Movie star Ava Gardner fainted from pain in a private hospital where she is being treated for a kidney stone, her doctors said today.

But the doctors said she refused to undergo an operation and they expressed belief they would be able to remove the stone without resorting to surgery.

Hearings Are Dull

Francis Carr is in the middle of a prodigious yawn as he searches through some papers at yesterday's session of the McCarthy-Army dispute hearings. Carr is staff director for the McCarthy investigations subcommittee and is regarded as a participant by the army in the pressure applied by the subcommittee for favors for Pvt. G. David Schine.

United Effort Needed To Halt Red Advances

Firm Policy Stand Is Called For By Defense Aide

WASHINGTON, May 14 (AP)—Robert B. Anderson, deputy secretary of defense, said tonight it is of "transcendent importance" that the United States and Allies join in a collective effort to prevent further Communist gains in any area.

While Anderson did not mention Indochina, his remarks were against the background of American attempts to muster big power help to halt the Reds in Southeast Asia.

Anderson expressed his views in an address prepared for an Armed Forces Day dinner, which President Eisenhower was scheduled to attend.

He said that in a world menaced by aggression "there are certain positions and issues which peaceable nations must show themselves willing to defend with firm policy and diplomatic implementation, if possible, with military force if necessary."

"The pattern of modern aggression is that of conquest on the installment plan—the piecemeal absorption of peoples and territories in which the Soviets hope no one instance may, at the time, be regarded as a cause of war to be engaged in by the collective effort of free nations, but which in the aggregate tends to shift the balance of world power toward the side of the aggressors."

Concerning U.S. military strength, Anderson reported that to give meaning and force to broad national policies "we have developed and are maintaining the most powerful armed forces in our peacetime history."

But disquieting word came from another quarter. Gen. Nathan Twining, chief of staff of the Air Force, said the task of keeping ahead of the Soviet air force becomes more difficult every day. And Twining asserted:

"It (the Soviet fleet) is by far the biggest air force in the world. In numbers of combat planes it far exceeds the United States Air Force. In fact the Reds have thousands more combat planes than the United States Air Force, Navy, Marines and Army combined."

The general's remarks were made in another Armed Forces Day address, prepared for delivery tomorrow at Amarillo, Tex. The Air Force inadvertently issued it for publication today.

Edict Closes Adams' Talk About Meeting

Democrats Demand Top Level Officials Be Called In Probe

WASHINGTON, May 14 (AP)—The Eisenhower administration today clamped a secrecy lid on a now-famous meeting which helped prepare the way for the Army's challenge to Sen. McCarthy (R-Wis.).

The "don't talk" edict brought swift protests from Democrats on the McCarthy-Army investigations subcommittee. They demanded that top federal officials—up to but not including President Eisenhower—be called if necessary to find out whether the Army's actions were masterminded at the highest level of government.

The meeting in question was held Jan. 21 and was attended by Sherman Adams, the President's top assistant; and Atty. Gen. Brownell.

Kept Written Record
Army Counselor John G. Adams testified Wednesday that Sherman Adams advised him at this meeting, held in Brownell's office, to keep a written record of the Army's troubles with McCarthy's office over Pvt. G. David Schine. Later publication of this record led to the present blazing row.

Today, Democrats on the subcommittee pressed for more details of the meeting, and down over the televised hearings came the administration's secrecy lid.

Joseph N. Welch, counsel to the Army officials, said Adams had been instructed to say no more about the meeting. These instructions, he said, came from the acting head of the Defense Department, Robert Anderson. Welch added that he understood Anderson was transmitting them for somebody else.

That pointed to the White House. And at the White House, Asst. Press Secretary Murray Snyder, when asked if the order originated there, would say only: "I have no information to give out."

Welch tried and failed during the noon recess of the hearings to get some explanation in writing from the investigators. Reluctantly, the Democrats agreed to give him the weekend to make a further attempt.

But Sen. McClellan (Ark.), senior Democrat on the investigating unit, declared he means to find out "if there was someone higher than Mr. Adams and (Secretary of the Army) Stevens that was directing their actions" when the fight with McCarthy was developing.

May Quiz Top Level Officers

With Senators Symington (D-Mo) and Jackson (D-Wash.) voicing like sentiments, McClellan declared that unless he is shown some law to the contrary he will insist on questioning any top level officials who directed the Army's actions.

"I will not ask the President of the United States to come—no," McClellan said. "But as to others who participated in it, I think they are appropriate witnesses if their testimony is relevant to any issue that is now before this committee."

John Adams has said those at the Jan. 21 meeting—besides himself, Sherman Adams and Brownell—were Gerald Morgan of the White House staff, Deputy Atty. Gen. William P. Rogers and Henry Cabot Lodge Jr., who is ambassador to the United Nations but who was then on temporary duty as a White House aide.

McCarthy contends the Army charges which grew out of the "written record" Adams began to compile right after that amounted to a "smear" against the subcommittee's chief counsel, Roy M. Cohn, and a black mark against the subcommittee as a whole.

If that is true, McClellan said (Continued on Page 2, Col. 1)

AFL Endorses Plan To Settle Union Fights

CHICAGO, May 14 (AP)—American Federation of Labor union leaders today endorsed in principle a proposal for settling jurisdictional fights among federation unions.

George Meany, AFL president, said that leaders of about 100 of the AFL's 110 member unions expressed approval of the plan at a closed meeting.

The AFL Executive Council drafted the proposal yesterday. Basically it is the same as the one approved by the federation's policy-making group last winter.

Meany said about 20 speakers at today's meeting were unanimously in favor of the proposed plan to stop raiding among AFL unions. He said it was the consensus of the meeting that the Executive Council should pursue the plan, ironing out any kinks it may contain, and submit it to the AFL convention in Los Angeles in September for final approval.

The question of putting the present plan into effect immediately was not discussed, Meany said. He said the Executive Council was anxious to have every member union examine the plan closely before signing the agreement.

Meany said he told the meeting that the union raiding "from a financial standpoint is silly."

He said that during the period of 1951, 1952 and 1953 both the AFL and the CIO spent a total of \$1,418,000 to process jurisdictional disputes with a net change of membership of only 7-10 of one per cent. The final result of these disputes was a membership loss to both the CIO and the AFL, the union leader said.

Jurisdictional disputes among AFL unions during the same three-year period involved a total of 84,275 workers, Meany said. The net result was a switch of 17,558 from one union to another at a cost of \$1,865,000.

It was learned on high authority, however, that a formal announcement will be made shortly after the Emperor's arrival in the United States about May 25. He is due to leave Addis Ababa May 19 by plane for Le Havre, France, where he will board the liner United States for New York.

He will be President Eisenhower's official guest at the White House and later will make a coast-to-coast tour.

Under the new agreement it is believed the U.S. will install small units of ground troops in Ethiopia initially.

Queen Elizabeth Sails Home After Six-Month World Tour

LONDON, May 14 (AP)—Queen Elizabeth II sailed home tonight to mist-shrouded England from an historic six months globe-girdling tour. First to greet her was Prime Minister Winston Churchill, who boarded the royal yacht Britannia in Southampton Harbor at the Queen's special invitation.

Princess Charles and flaxen-haired Princess Anne, who had been playing deck hockey with two naval ratings as the Britannia approached Southampton, were bundled below to bed as Churchill arrived.

Blinking lights flashed greetings. All along the coast signal flags spelled out the words "Welcome Home."

In daylight, the procession kept as close as possible to the English shore, often being within the three mile limit of territorial waters. But as darkness fell the Britannia and escort veered out to sea. The ships will reach Dover at the narrowest part of the channel, early tomorrow morning.

Secrecy Ordered At Hearing

Evacuation Of French From Fort Delayed

Plane On Mercy Trip For Wounded Fails To Return

HANOI, Indochina, May 14 (AP)—The French Command announced tonight that a helicopter had flown to Dien Bien Phu to start an airlift of seriously wounded French soldiers from the fallen fortress but had failed to return.

The announcement corrected earlier reports from French sources that the first group of wounded had been flown to the Laotian capital of Luang Prabang from the Vietnam-held bastion 175 miles west of Hanoi.

A spokesman said the helicopter left Luang Prabang about 8 a.m. (7 p. m. EST, Thursday) and landed at Dien Bien Phu probably around 10 a.m. (9 p.m. EST, Thursday).

Storms In Area
He added that storms were sweeping the Dien Bien Phu area and may have prevented the aircraft from flying out again.

The command spokesman said he had no information to indicate that possibly there was "a political reason" why the evacuation had not started on schedule, or that there might have been a last minute hitch among conferees at Geneva who paved the way for the evacuation agreement.

French sources in Geneva said the Communist-led Vietnam regime in Indochina had raised its price for the evacuation of the wounded captured at Dien Bien Phu.

The Vietnam wants the whole area in and around the fortress neutralized to permit free movement of Vietnamese troops into and out of the region. French sources in Geneva said. Such freedom for the Vietnamese would assist them in moving their battle-seasoned troops around Dien Bien Phu to attack Hanoi and the Red River Delta. Recently the roads leading from Dien Bien Phu have been under heavy French air attack.

Seriously Hurt Removed
Earlier, the French had said that 16 prisoners suffering serious head and stomach wounds had been picked up from the blood-soaked fortress and carried to Luang Prabang where they were to be transferred to larger planes for transportation to Hanoi and hospitals elsewhere.

Agreement to bring the wounded out was reached yesterday at Dien Bien Phu between the Communist commanders of the Vietnam and a French mission headed by Dr. Pierre Huard, dean of Hanoi University's Medical School. Huard and his mission went to the fortress by helicopter.

Atomic Dust Causes Radio Activity In Lander To Increase

LANDER, Wyo., May 14 (AP)—Uranium hunters in this central Wyoming area are blaming atomic dust for a sudden jump in activity on the dials of their Geiger counters.

Even tests on Lander's main street yesterday showed radio activity five to six times the normal reading.

The condition was described as not dangerous. One prospector said it is "background" radioactivity, recorded only on the most sensitive bands of the meters.

Larence Berston, another prospector, said only normal background activity was found when he dug a hole and placed his Geiger counter in it. On the surface, however, the readings jumped again.

Indochina Peace Stand Is Eased

Reds Propose Supervised Armistice

GENEVA, May 14 (AP)—Soviet Foreign Minister V. M. Molotov moved slightly today from the rigid position taken by the Communists toward ending the war in Indochina. But formidable obstacles still stand between the Indochina conference and peace.

Molotov proposed an amendment to the Communist armistice plan presented earlier by Vietnam representatives. The amendment provided for supervision of the armistice by a neutral nation's commission.

Decline Comment

Both United States and French spokesmen declined comment, but one French delegation source said it was "a concession on one of the points which we regarded as most important."

Molotov, today's chairman, announced a two-day recess in Indochina talks. He said that a meeting restricted to delegation heads and three advisers each would be held on Monday. This was a move suggested to Molotov privately by British Foreign Secretary Anthony Eden earlier today.

The secret sessions will permit the parties involved—the Big Four, Red China, Laos, Cambodia, Vietnam and the Vietnam delegate—to get down to specific proposals. One report said the French were expected to advance detailed proposals for arranging a cease-fire.

This report was supported by the British spokesman, who said, "The United Kingdom believes the main thing is to get the fighting stopped." The spokesman gave the strong impression that Monday's meeting, with Eden as chairman, would be devoted to stopping the shooting as soon as possible.

Talks To Open

Another factor affecting Indochina was the disclosure that the French and Americans were expected to open talks on the possibility of internationalizing the war. It was impossible to judge what effect this would have on conference deliberations. Communist delegates have been blasting almost daily at the United States for what they call "intervention" in Indochina and efforts to broaden the war.

Molotov himself, before bringing forward the modification of the Vietnam proposal today, repeated the accusations about American designs in Asia and said his recital "testifies to the fact that intensified preparations for a new world war are being carried out."

Molotov said the talk about creation of "another defense community" actually was aimed at "building up a new military bloc to fight the national liberation movement of the peoples of Indochina and Southeast Asia."

Marshall Islands People Ask End To H-Bomb Tests

UNITED NATIONS, N.Y., May 14 (AP)—Representatives of the people of the Marshall Islands in the Pacific have appealed to the United Nations for an immediate end to experiments with hydrogen bombs in their area.

They reported the inhabitants of two atolls in the island group—Rongelab and Uterik—are suffering from a lowering of the blood count, burns, nausea and are losing hair from their heads since the recent U.S. hydrogen explosion tests.

These are symptoms which have been noted among persons who have become victims of radioactivity from nuclear explosions.

The appeal was contained in a petition to the United Nations dated April 20, released here today. It was signed by members of a Marshallese Congress "hold-over committee." Members of the committee said they were empowered by the Marshallese Congress to act in its name when it is not in session.

The committee said if experiments with lethal weapons were absolutely necessary for the well-being of all people of this world and cannot be stopped or changed to other areas, it suggested:

1. All possible precautionary measures be taken before such weapons are exploded.

2. All people living in the Marshall Island area be instructed in safety measures.

3. Adequate funds be set aside to pay for the possessions of the people in case they have to be moved from their homes.

4. Marshallese medical practitioners and health aides should be instructed in detecting and circumventing preventable dangers.

The Marshall Islanders' committee said the petition was not a repudiation of the United States, as the governing agency for the United Nations under the trusteeship agreement, but that they were worried because of the increasing danger from the H-bomb experiments.

AEC Changing Its Organization

WASHINGTON, May 14 (AP)—The Atomic Energy Commission said today its New York office will be reorganized but refused comment on a published report that a second important AEC advisor "has been challenged on security grounds."

There was no specific comment, either, on a report that three of the five AEC commissioners and several top staff members are planning to quit.

The first top advisor challenged for security reasons was Dr. J. Robert Oppenheimer, a pioneer scientist in the atomic energy program. He was given a hearing, results of which have not yet been announced.

A commission staff member said reorganization of the New York office will result in letting out some people and transferring others but there was no indication that top level personnel might be affected. The changes, to take effect July 1, will shift some New York functions to Oak Ridge, Tenn.

Anderson expressed his views in an address prepared for an Armed Forces Day dinner, which President Eisenhower was scheduled to attend.

He said that in a world menaced by aggression "there are certain positions and issues which peaceable nations must show themselves willing to defend with firm policy and diplomatic implementation, if possible, with military force if necessary." He declared:

"The pattern of modern aggression is that of conquest on the installment plan — the piecemeal absorption of peoples and territories in which the Soviets have no one instance may, at the time, be regarded as a cause of war to be engaged in by the collective effort of free nations, but which in the aggregate tends to shift the balance of world power toward the side of the aggressors."

Concerning U.S. military strength, Anderson reported that national policies "we have developed and are maintaining the most powerful armed forces in our peacetime history."

But disquieting word came from another quarter. Gen. Nathan Twining, chief of staff of the Air Force, said the task of keeping ahead of the Soviet air force becomes more difficult every day.

And Twining asserted: "It (the Soviet fleet) is by far the biggest air force in the world. In numbers of combat planes it far exceeds the United States Air Force. In fact the Reds have thousands more combat planes than the United States Air Force, Navy, Marines and Army combined."

The general's remarks were made in another Armed Forces Day address, prepared for delivery tomorrow at Amarillo, Tex. The Air Force inadvertently issued it for publication today.

30-Day Forecast Calls For Lower July Temperatures

WASHINGTON, May 14 (AP)—The Weather Bureau's 30-day outlook today forecast temperatures lower than normal in the eastern half of the United States from mid-May to mid-June.

West of the Continental Divide, the report said, above normal temperatures are expected. Along the Pacific Coast the temperature outlook was near normal.

The below seasonal temperatures in the East will have "greatest departures from the Ohio Valley eastward to the Atlantic Coast," the report said. It added:

"Precipitation is expected to be subnormal in the Gulf States, the Upper Lakes and the Great Basin. Above normal rainfall is indicated along the Atlantic Coast and in the Central plains. Elsewhere near normal amounts are predicted."

Ethiopia Signs Pact With U. S.

ADDIS ABABA, Ethiopia, May 14 (AP)—Emperor Haile Selassie has signed an agreement granting the United States 99-year military base rights in Ethiopia, it was learned today.

Terms of the agreement remained secret. It was learned on high authority, however, that a formal announcement will be made shortly after the Emperor's arrival in the United States about May 25. He is due to leave Addis Ababa May 19 by plane for Le Havre, France, where he will board the liner United States for New York.

He will be President Eisenhower's official guest at the White House and later will make a coast-to-coast tour.

Under the new agreement it is believed the U.S. will install small units of ground troops in Ethiopia initially.

Edict Closes Adams' Talk About Meeting

Democrats Demand Top Level Officials Be Called In Probe

WASHINGTON, May 14 (AP)—The Eisenhower administration today clamped a secrecy lid on a now-famous meeting which helped prepare the way for the Army's challenge to Sen. McCarthy (R-Wis.).

The "don't talk" edict brought swift protests from Democrats on the McCarthy-Army Investigations subcommittee. They demanded that top federal officials—up to but not including President Eisenhower—be called if necessary to find out whether the Army's actions were masterminded at the highest level of government.

The meeting in question was held Jan. 21 and was attended by Sherman Adams, the President's top assistant; and Atty. Gen. Brownell.

Kept Written Record
Army Counselor John G. Adams testified Wednesday that Sherman Adams advised him at this meeting, held in Brownell's office, to keep a written record of the Army's troubles with McCarthy's office over Pvt. G. David Schine.

Later publication of this record led to the present blazing row. Today Democrats on the subcommittee pressed for more details of the meeting, and down over the televised hearings came the administration's secrecy lid.

Joseph N. Welch, counsel to the Army officials, said Adams had been instructed to say no more about the meeting. These instructions, he said, came from the acting head of the Defense Department, Robert Anderson. Welch added that he understood Anderson was transmitting them for somebody else.

That pointed to the White House. And at the White House, Asst. Press Secretary Murray Snyder, when asked if the order originated there, would say only: "I have no information to give out."

Welch tried and failed during the noon recess of the hearings to get some explanation in writing for the investigators. Reluctantly, the Democrats agreed to give him the weekend to make a further attempt.

But Sen. McClellan (Ark.), senior Democrat on the investigating unit, declared he means to find out "if there was someone higher than Mr. Adams and (Secretary of the Army) Stevens that was directing their actions" when the fight with McCarthy was developing.

May Quiz Top Level Officials
With Senators Symington (D-Mo) and Jackson (D-Wash.) voicing his sentiments, McClellan declared that unless he is shown some law to the contrary he will insist on questioning any top level officials who directed the Army's actions.

"I will not ask the President of the United States to come—no," McClellan said. "But as to others who participated in it, I think they are appropriate witnesses if their testimony is relevant to any issue that is now before this committee."

John Adams has said those at the Jan. 21 meeting—besides himself, Sherman Adams and Brownell—were Gerald Morgan of the White House staff, Deputy Atty. Gen. William P. Rogers and Henry Cabot Lodge Jr., who is ambassador to the United Nations but who was then on temporary duty as a White House aide.

McCarthy contends the Army charges which grew out of the "written record" Adams began to compile right after that amounted to a "smear" against the subcommittee's chief counsel, Roy M. Cohn, and a black mark against the subcommittee as a whole.

If that is true, McClellan said (Continued on Page 2, Col. 1)

AFL Endorses Plan To Settle Union Fights

CHICAGO, May 14 (AP)—American Federation of Labor union leaders today endorsed in principle a proposal for settling jurisdictional fights among federation unions.

George Meany, AFL president, said that leaders of about 100 of the AFL's 110 member unions expressed approval of the plan at a closed meeting.

The AFL Executive Council drafted the proposal yesterday. Basically it is the same as the one approved by the federation's policy-making group last winter.

Meany said about 20 speakers at today's meeting were unanimously in favor of the proposed plan to stop raiding among AFL unions. He said it was the consensus of the meeting that the Executive Council should pursue the plan, ironing out any kinks it may contain, and submit it to the AFL convention in Los Angeles in September for final approval.

The question of putting the present plan into effect immediately was not discussed, Meany said. He said the Executive Council was anxious to have every member union examine the plan closely before signing the agreement.

Meany said he told the meeting that the union raiding "from a financial standpoint is silly."

He said that during the period of 1951, 1952 and 1953 both the AFL and the CIO spent a total of \$11,418,000 to process jurisdictional disputes with a net change of membership of only 7-10 of one per cent. The final result of these disputes was a membership loss to both the CIO and the AFL, the union leader said.

Jurisdictional disputes among AFL unions during the same three-year period involved a total of 84,275 workers, Meany said. The net result was a switch of 17,558 from one union to another at a cost of \$1,865,000.

Queen Elizabeth Sails Home After Six-Month World Tour

LONDON, May 14 (AP)—Queen Elizabeth II sailed home tonight

to mist-shrouded England from an historic six months globe-girdling tour. First to greet her was Prime Minister Winston Churchill, who boarded the royal yacht Britannia in Southampton Harbor at the Queen's special invitation.

Prince Charles and flaxen-haired Princess Anne, who had been playing deck hockey with two naval ratings as the Britannia approached Southampton, were bundled below to bed as Churchill arrived.

Bonfires gleamed on the hilltops overlooking the sea. Many thousands of British flocked to the coast to catch distant glimpses of a majestic escort of 17 warships moving along slowly with the blue

and white royal yacht in their midst.

The English Channel was dotted with hundreds of other vessels of every conceivable type and size. Yachts, tugs, ferries, barges, motorboats and even sailing craft went out into the hazy channel for a closer look at the stately parade.

Blinking lights flashed greetings. All along the coast signal flags spelled out the words "Welcome Home."

In daylight, the procession kept as close as possible to the English shore, often being within the three mile limit of territorial waters. But as darkness fell the Britannia and escort veered out to sea. The ships will reach Dover, at the narrowest part of the channel, early tomorrow morning.

Lewis Perjury Motion Ruling Is Withheld

ELLICOTT CITY, Md., May 14 (AP)—Circuit Judge James Clark heard arguments but made no immediate ruling today on defense motions designed to quash perjury and criminal libel indictments against Fulton Lewis Jr., the radio network commentator.

The charges grew out of broadcasts Lewis made several months ago criticizing liquor law enforcement in St. Marys County, where he has an elaborate home.

Judge Clark set June 14 for the commentator's trial, in the event there still are any charges outstanding against him after the judge makes his rulings on the motions.

Lewis is charged with lying to the St. Marys County grand jury when he told it he had never served alcoholic drinks to any minors at his home.

He is charged with criminal libel of the county's state senator, Paul J. Bailey, two magistrates, and two Leonardtown, Md., lawyers in a letter he wrote to Gov. McKeldin and by having an excerpt from the Congressional Record printed in the weekly St. Marys Enterprise.

Charles E. Hogg, an attorney for Lewis, argued all the criminal libel counts should be dismissed because the indictments did not show the alleged libel had incited or tended to incite a breach of the peace.

Hogg contended a criminal libel charge cannot be sustained unless it is shown a breach of the peace is involved.

The excerpt from the Congressional Record quoted Rep. John Dempsey (D-N.M.) as criticizing the political situation in St. Marys County and the grand jury charged it libeled Bailey, Philip H. Dorsey Jr., now a candidate for attorney general of Maryland, and Joseph D. Weiner, another lawyer.

Hogg argued the Congressional Record is a privileged communication and quoting from it or reproducing it is not libelous. If Lewis could be indicted for quoting the Congressional Record, Hogg said, so could the Enterprise, workers in the government printing office, typists, and anyone else who worked on the material.

Lewis is accused of libeling Magistrates J. Donelan Hurry Sr. and Willson Knight in his letter to the governor.

President To Spend Week-end At Camp

WASHINGTON, May 14 (AP)—President and Mrs. Eisenhower will spend the weekend at Camp David in Maryland's Catoctin Mountains.

They plan to leave Washington at 7:30 a.m., EST, tomorrow for the 60 mile drive to the retreat near Thurmont, Md. They will return Sunday evening.

Edict Closes

today, "This committee has a right to know who inspired it and who advised and counseled that it be done."

Today brought—also in connection with the Jan. 21 meeting—one of the strangest sights in the long list of strange sights already generated by these hearings.

Three Republican members of the subcommittee which is sitting in judgment on the McCarthy-Army fuss took on the role of witness, as well, and gave sworn testimony on one episode in the long controversy.

Called On Senators

Adams had testified he or his assistant called on the three GOP senators, as a result of the meeting in Brownell's office, and laid two lines of thought before them:

1. The Army wanted to quash subpoenas which McCarthy was about to issue for members of the Pentagon loyalty-security board in connection with his investigation of Ft. Monmouth, N.J.

2. A recitation of the "pressure" he said Roy M. Cohn, subcommittee chief counsel, put on him to get special treatment for Pvt. Schine. Adams contended Cohn got McCarthy to issue the subpoenas because the Army didn't do as well by Schine as Cohn wanted.

Sen. Dirksen (R-Ill.) stepped up first with his version. He said Adams certainly did drop a "hint" which he interpreted as meaning the Army's charges against Cohn might get into print if the subpoenas were issued.

Acting Chairman Mundt (R-S.D.) went next. He didn't mention any such "hint," but he said it made him uneasy that the charges against Cohn were linked with the subpoena question.

Finally, Sen. Potter (R-Mich.) told of discussing the two matters with an assistant of Adams. Potter said there was no suggestion to him that the charges against Cohn were being used as a threat.

Thieves Break Into Yacht Club

ANNAPOLIS, May 14 (AP)—Thieves broke into the Annapolis Yacht Club last night but either overlooked or couldn't reach the most inviting swag.

Jean Deghene Jr., club manager, reported a bag with \$100 in nickels and a metal box with an unknown amount of cash were taken from one safe in his office. The dial had been knocked off another safe containing considerably more money, but evidently the post-midnight visitors were unable to get inside.

The second-story barroom, replete with bottles and slot machines, was ignored altogether as the thieves used a crowbar to force their way into the club and through a half-dozen other doors.

Police Probing Paralyzed War Veteran's Death

LA PLATA, Md., May 14 (AP)—County authorities and State Police acknowledged today they were trying to learn more about the death of a paralyzed war veteran whose body was found in his wrecked car near here March 28.

One official source said the special hand throttle of the car was taped wide open.

The body of Louis A. Hicks, 34, was dug from its grave in Arlington National Cemetery for an autopsy by the State Medical Examiner on April 29.

Mrs. Dorothy Hicks, his 25-year-old widow, said at her home in Richmond today she was interviewed by Maryland officers at Richmond police headquarters Monday.

She said she had retained a lawyer because the authorities "have been bothering me."

Robert T. Barbour, state's attorney for Charles County, acknowledged the case was under investigation, but he declined to give out information lest it impede the inquiry.

Maj. W. H. Weber, field force commander of the Maryland State Police, said his men were cooperating with the Charles County authorities in running down the facts.

Circumstances of the accident "don't look as well as they should," he said.

All other information, he declared, must come from Barbour.

LT. Leonard Brown of the state police barracks at Waldorf said it had been established Hicks received injuries in the accident which were severe enough to cause his death.

The findings of the autopsy performed in Baltimore were not made public.

The original police report on the accident said Hicks and his wife attended a party at the American Legion Home in La Plata on the night of March 27 and were on their way home at the time of the accident about 4 a.m. the next morning.

Mrs. Hicks said today they had been invited to the party but went to a restaurant instead.

The Hicks car, equipped with special gadgets so he did not need to use his feet to drive it, apparently went out of control on a sharp curve right in front of their house on the Summs Landing Road, about six miles west of La Plata.

The car crashed into the foundation of the Hicks home.

The accident was not discovered until Mrs. Hicks went to the nearby home of Hick's sister about two hours later. The original accident report showed Mrs. Hicks was only out about the mouth. She said she had been unconscious. Her husband's body was found in the wreckage.

Money Error Not Larceny Jury Contends

SACRAMENTO, Calif., May 14 (AP)—What would you do if a bank wrote you and said to come and get \$14,604?

Truck driver Jesse H. Perry collected the money—it wasn't his—and later was tried on a charge of larceny by trickery.

But a federal court jury yesterday decided Perry's action constituted neither larceny nor trickery and acquitted him of any wrong doing.

The money belonged to another J. H. Perry who moved without telling the Santa Rosa bank he had transferred his account to a San Francisco used car dealer.

When the bank started looking for J. H. Perry, it found Jesse, told him to come and collect and he did. He contended it was the bank's mistake, not his.

"The thought was I must have inherited some money," he testified. "Where's the money now? Spent, Perry said."

Bank officials said insurance covered the loss.

His First Offense

CHICAGO, May 14 (AP)—Dr. Frank Heda, 62, a physician, came into traffic court today on a speeding charge.

"I've been driving since 1916 and I've never been arrested," he told Judge Joseph J. Butler.

"That's a better record than I have myself," the judge replied. "Case dismissed."

Army To Draft 23,000 In July

WASHINGTON, May 14 (AP)—The Army raised its draft call by 5,000 today, calling for the induction of 23,000 men in July.

Inductions since January have been running at the steady rate of 18,000 a month, but the Defense Department has announced it will need more men after July 1, when a large number of draftees will be completing their two years of service.

Pentagon officials said the increase had nothing to do with the situation in Indochina.

Last December defense officials predicted draft calls might soar to 50,000 or 60,000 a month after this July to get replacements.

Karachi, capital of Pakistan, has had a population increase of more than 400 per cent in five years, from 300,000 to 1,200,000 persons.

72-Gun Annapolis Salute Greets Netherlands Ship

ANNAPOLIS, May 14 (AP)—Dutch captain also called on Gov. McKeldin and Annapolis Mayor Arthur G. Ellington, but the governor was unable to return the call due to the funeral of a long-time statehouse employee.

After the formalities, the visitors began a round of social and recreation events that were to keep them busy until departure Monday morning.

The 10,000-ton cruiser fired a 21-gun salute at 7 a.m. (EST) in honor of the U.S. flag and the academy batteries returned the honor. The ship then boomed out 15 guns for Vice Adm. C. Turner Joy, academy superintendent, and the school's guns returned the courtesy.

Capt. Gerardus B. M. Van Erkel, the ship's commander, then came ashore for a call on Joy, who later returned the call. The

Homemade Bomb Costs Man His Job

CHICAGO, May 14 (AP)—Earl Garman's homemade bomb didn't do much property damage but it blew him right out of his \$80 a week job today.

Garman, 24, brought his bomb to work Wednesday. He thought it would be a good joke to shoot it off in a sand-filled barrel in a

shop where he is an electrician.

The blast, which smashed a light fixture and a window, sent 100 fellow workers on the run. They didn't think it was funny.

Neither did Judge Oscar S. Caplan of South State St. court where Garman got a year's probation on a charge of detonating an explosive.

Garman's employers said: "Quit or be fired." "I'm quitting," he said.

Lewis Perjury Motion Ruling Is Withheld

ELLCOTT CITY, Md., May 14 (AP)—Circuit Judge James Clark heard arguments today on defense motions designed to quash perjury and criminal libel indictments against Fulton Lewis Jr., the radio network commentator.

The charges grew out of broadcasts Lewis made several months ago criticizing liquor law enforcement in St. Marys County, where he has an elaborate home.

Judge Clark set June 14 for the commentator's trial, in the event there still are any charges outstanding against him after the judge makes his rulings on the motions.

Lewis is charged with lying to the St. Marys County grand jury when he told it he had never served alcoholic drinks to any minors at his home.

He is charged with criminal libel of the county's state senator, Paul J. Bailey, two magistrates, and two Leonardtown, Md., lawyers in a letter he wrote to Gov. McKeldin and by having an excerpt from the Congressional Record printed in the weekly St. Mary's Enterprise.

Charles E. Hogg, an attorney for Lewis, argued all the criminal libel counts should be dismissed because the indictments did not show the alleged libel had incited or tended to incite a breach of the peace.

Hogg contended a criminal libel charge cannot be sustained unless it is shown a breach of the peace is involved.

The excerpt from the Congressional Record quoted Rep. John Dempsey (D-N.M.) as criticizing the political situation in St. Mary's County and the grand jury charged it libeled Bailey, Philip H. Dorsey Jr., now a candidate for attorney general of Maryland, and Joseph D. Weiner, another lawyer.

Hogg argued the Congressional Record is a privileged communication and quoting from it or reproducing it is not libelous. If Lewis could be indicted for quoting the Congressional Record, Hogg said, so could the Enterprise, workers in the government printing office, typists, and anyone else who worked on the material.

Lewis is accused of libeling Magistrates J. Donelan Hurry Sr. and Wilson Knight in his letter to the governor.

President To Spend Week-end At Camp

WASHINGTON, May 14 (AP)—President and Mrs. Eisenhower will spend the weekend at Camp David in Maryland's Catoctin Mountains.

They plan to leave Washington at 7:30 a.m., EST, tomorrow for the 60 mile drive to the retreat near Thurmont, Md. They will return Sunday evening.

Edict Closes

today, "This committee has a right to know who inspired it and who advised and counseled that it be done."

Today brought—also in connection with the Jan. 21 meeting—one of the strangest sights in the long list of strange sights already generated by these hearings.

Three Republican members of the subcommittee which is sitting in judgment on the McCarthy-Army fuss took on the role of witness, as well, and gave sworn testimony on one episode in the long controversy.

Called On Senators

Adams had testified he or his assistant called on the three GOP senators, as a result of the meeting in Brownell's office, and laid two lines of thought before them:

1. The Army wanted to quash subpoenas which McCarthy was about to issue for members of the Pentagon loyalty-security board in connection with his investigation of Ft. Monmouth, N.J.

2. A recitation of the "pressure" he said Roy M. Cohn, subcommittee chief counsel, put on him to get special treatment for Pvt. Schine. Adams contended Cohn got McCarthy to issue the subpoenas because the Army didn't do as well by Schine as Cohn wanted.

Sen. Dirksen (R-Ill.) stepped up first with his version. He said Adams certainly did drop a "hint" which he interpreted as meaning the Army's charges against Cohn might get into print if the subpoenas were issued.

Acting Chairman Mundt (R-S.D.) went next. He didn't mention any such "hint," but he said it made him uneasy that the charges against Cohn were linked with the subpoena question.

Finally, Sen. Potter (R-Mich.) told of discussing the two matters with an assistant of Adams. Potter said there was no suggestion to him that the charges against Cohn were being used as a threat.

Thieves Break Into Yacht Club

ANNAPOLIS, May 14 (AP)—Thieves broke into the Annapolis Yacht Club last night but either overlooked or couldn't reach the most inviting swag.

Jean DeGhewer Jr., club manager, reported a bag with \$100 in nickels and a metal box with an unknown amount of cash were taken from one safe in his office. The dial had been knocked off another safe containing considerably more money, but evidently the post-midnight visitors were unable to get inside.

The second-story barroom, replete with bottles and slot machines, was ignored altogether as the thieves used a crowbar to force their way into the club and through a half-dozen other doors.

Police Probing Paralyzed War Veteran's Death

LA PLATA, Md., May 14 (AP)—County authorities and State Police acknowledged today they were trying to learn more about the death of a paralyzed war veteran whose body was found in his wrecked car near here March 28.

One official source said the special hand throttle of the car was taped wide open.

The body of Louis A. Hicks, 34, was dug from its grave in Arlington National Cemetery for an autopsy by the State Medical Examiner on April 29.

Mrs. Dorothy Hicks, his 25-year-old widow, said at her home in Richmond today she was interviewed by Maryland officers at Richmond police headquarters Monday.

She said she had retained a lawyer because the authorities "have been bothering me."

Robert T. Barbour, state attorney for Charles County, acknowledged the case was under investigation, but he declined to give out information lest it impede the inquiry.

Maj. W. H. Weber, field force commander of the Maryland State Police, said his men were cooperating with the Charles County authorities in running down the facts.

Circumstances of the accident "don't look as well as they should," he said.

All other information, he declared, must come from Barbour.

Lt. Leonard Brown of the state police barracks at Waldorf said it had been established Hicks received injuries in the accident which were severe enough to cause his death.

The findings of the autopsy performed in Baltimore were not made public.

The original police report on the accident said Hicks and his wife attended a party at the American Legion Home in La Plata on the night of March 27 and were on their way home at the time of the accident about 4 a.m. the next morning.

Mrs. Hicks said today they had been invited to the party but went to a restaurant instead.

The Hicks car, equipped with special gadgets so he did not need to use his feet to drive it, apparently went out of control on a sharp curve right in front of their house on the Simms Landing Road, about six miles west of La Plata.

The car crashed into the foundation of the Hicks home.

The accident was not discovered until Mrs. Hicks went to the nearby home of Hick's sister about two hours later. The original accident report showed Mrs. Hicks was only cut about the mouth. She said she had been unconscious. Her husband's body was found in the wreckage.

Provoo Is Refused New Trial Motion

NEW YORK, May 14 (AP)—John David Provoo, 36, former Army sergeant serving a life term for treason, was denied a new trial today. He claimed to have new evidence.

Federal Judge Gregory F. Noon said his court had no authority to grant a new trial because Provoo's appeal of his conviction still is pending before the U.S. Court of Appeals.

Provoo was convicted Feb. 17, 1953. The government contended he gave aid and comfort to the enemy after Corregidor fell to the Japanese in World War II.

Sen. Dirksen (R-Ill.) stepped up first with his version. He said Adams certainly did drop a "hint" which he interpreted as meaning the Army's charges against Cohn might get into print if the subpoenas were issued.

Acting Chairman Mundt (R-S.D.) went next. He didn't mention any such "hint," but he said it made him uneasy that the charges against Cohn were linked with the subpoena question.

Money Error Not Larceny Jury Contends

SACRAMENTO, Calif., May 14 (AP)—What would you do if a bank wrote you and said to come and get \$14,604?

Truck driver Jesse H. Perry collected the money—it wasn't his—and later was tried on a charge of larceny by trickery.

But a federal court jury yesterday decided Perry's action constituted neither larceny nor trickery and acquitted him of any wrong doing.

The money belonged to another J. H. Perry who moved without telling the Santa Rosa bank he had transferred his account to a San Francisco used car dealer.

When the bank started looking for J. H. Perry, it found Jesse told him to come and collect and he did. He contended it was the bank's mistake, not his.

"The thought was I must have inherited some money," he testified. "Where's the money now? Spent," Perry said.

Bank officials said insurance covered the loss.

His First Offense

CHICAGO, May 14 (AP)—Dr. Frank Heda, 62, a physician, came into traffic court today on a speeding charge.

"I've been driving since 1916 and I've never been arrested," he told Judge Joseph J. Butler.

"That's a better record than I have myself," the judge replied. "Case dismissed."

Karachi, capital of Pakistan, has had a population increase of more than 400 per cent in five years, from 300,000 to 1,200,000 persons.

Inductions since January have been running at the steady rate of 18,000 a month, but the Defense Department has announced it will need more men after July 1, when a large number of draftees will be completing their two years of service.

Pentagon officials said the increase had nothing to do with the situation in Indochina.

Last December defense officials predicted draft calls might soar to 50,000 or 60,000 a month after this July to get replacements.

Abroad were 50 Dutch and seven Indonesian midshipmen who soon were guests of their United States counterparts ashore.

The 10,000-ton cruiser fired a 21-gun salute at 7 a.m. (EST) in honor of the U.S. flag and the day academy batteries returned the their midshipmen hosts will take honor. The ship then boomed out them on the social rounds, including Vice Adm. C. Turner Joy, academy superintendent, and events.

Carthage, one of the greatest cities of the ancient world, reached Erkel, the ship's commander, then a peak population of a million inhabitants more than three centuries before the Christian era.

After the formalities, the visitors began a round of social and recreation events that were to keep them busy until departure Monday morning.

Tomorrow night the city will welcome the visitors with a party in the city hall. During the day academy batteries returned the their midshipmen hosts will take honor. The ship then boomed out them on the social rounds, including Vice Adm. C. Turner Joy, academy superintendent, and events.

Army To Draft 23,000 In July

WASHINGTON, May 14 (AP)—The Army raised its draft call by 5,000 today, calling for the induction of 23,000 men in July.

Homemade Bomb Costs Man His Job

CHICAGO, May 14 (AP)—Earl Garman's homemade bomb didn't do much property damage but it blew him right out of his \$80 a week job today.

Garman, 24, brought his bomb to work Wednesday. He thought it would be a good joke to shoot it off in a sand-filled barrel in a

shop where he is an electrician. The blast, which smashed a light fixture and a window, sent 100 fellow workers on the run. They didn't think it was funny.

Neither did Judge Oscar S. Caplan of South State St. court where Garman got a year's probation on a charge of detonating an explosive.

Garman's employers said: "Quit or be fired." "I'm quitting," he said.

A NEW KIND OF MAYONNAISE... LIGHT—NOT HEAVY

Now you can buy a new kind of mayonnaise—Mrs. Filbert's LIGHT Mayonnaise. The old-fashioned heavy mayonnaise is gone. It's light with foamy egg yolks, light with delicate egg whites. The salad oil is so light it fluffs right in. You taste the richness, but no hint of oil! "I make it to please folks' lighter tastes," says Mrs. Filbert. She uses the gentlest vinegar, and real lemon juice for sparkle. Even the spices are soft-flavored! Truly delicious—Mrs. Filbert's LIGHT Mayonnaise. Eat some today.

Vera Robinson To Become Bride Of Dr. L. R. McKenzie

Mrs. Vera Louise Robinson, daughter of Mr. and Mrs. R. S. Stevanus, 1317 Ella Avenue, is to become the bride of Dr. Lawrence Ralph McKenzie, son of Mrs. Irene Keyser, 323 Baltimore Avenue, today.

The wedding ceremony is being solemnized at 3:30 o'clock in St. Mark's Reformed Church with Rev. Carl Clapp officiating. Mrs. Eleanor Weakley will be her sister's matron of honor and only attendant, while Francis L. Parleton, Washington, serves as Dr. McKenzie's best man.

Club To Help Hospitalized Children

The Pleasant Grove Homemakers Club received an appeal for toys, chairs or summer gowns for small children in a local hospital at the meeting recently in the Baltimore Pike fire hall. Mrs. Adolph Norris, Mrs. Willard Burchard, Mrs. Harry Northcraft and Mrs. Robert Schubert volunteered for this work. A moving picture on cancer and rheumatic fever was shown with comments by a representative of the Health Department. Danger points and self examination for early detection of cancer were given.

Mrs. Burchard presided and Mrs. Marvin Hinkle was in charge of the devotions. Mrs. Hayes Chambers read, "Beneath the Cross of Jesus." A letter of appreciation from Mrs. Irene MacDonald for the club's part in the Homemakers Chorus pageant was read. Mrs. Northcraft, Family Life chairman, reported on the meeting on "Understanding Teen-agers," showing both the adult and young people's viewpoints.

Eight visitors from Union Grove Club; six from Twiggstown; six from Pleasant Valley and 20 members were present. Refreshments were served following the meeting. The next meeting will be at the home of Mrs. Carl Rice at 7:30, with Mrs. Howard Perrin and Mrs. Theodore Rice as cohostesses.

Annapolis Tours Open Today

The second "Annapolis Open House Week" is being held today through May 20. It will be a directed, but not guided, walking tour. On each day tickets will admit one to the Hammond-Harwood house, with authentic furniture of the Georgian period; and the Chase-Lloyd house, home of the signer and spot where Francis Scott Key was married.

In addition today the Sands, Dierdorf, Benson houses, Paca House apartment and Ogle hall will be open; tomorrow, Forensic Club, Dierdorf, Benson houses, Bordley-Randall Wing and Kentish Inn; Monday, Campbell, Slayton houses and Ogle Hall; Tuesday, houses of Cornhill Street restoration and Ogle Hall; Wednesday, Jonas Green, Benson, Upton Scott, houses, Ogle Hall, and Aunt Lucy's Bake Shop; and Thursday, Peggy Stewart house and Ogle Hall.

Church Group Duties Are Stressed

The responsibility of women in the struggle of Christianity against communism was stressed by Rev. Willis Ford, D. D., Baltimore, in addressing the Cumberland Council of Church Women at the May Fellowship luncheon yesterday. It was held at the Ali Ghan Country Club. He also officiated at the installation of officers.

Christianity was described as an uplifting factor leading to God, and communism as degrading, leading away from God; and the struggle between the two, for control of the minds of men, is up to the Christian people, the speaker declared. He urged his audience to have great faith, placing trust in God on one hand and in one's neighbor in the other. The Bible, he said, is "the book of the day." During the past month, Dr. Ford, executive secretary of the Council of Churches in Maryland and Delaware, said that some 3,000 Fellowship luncheons have been held this month.

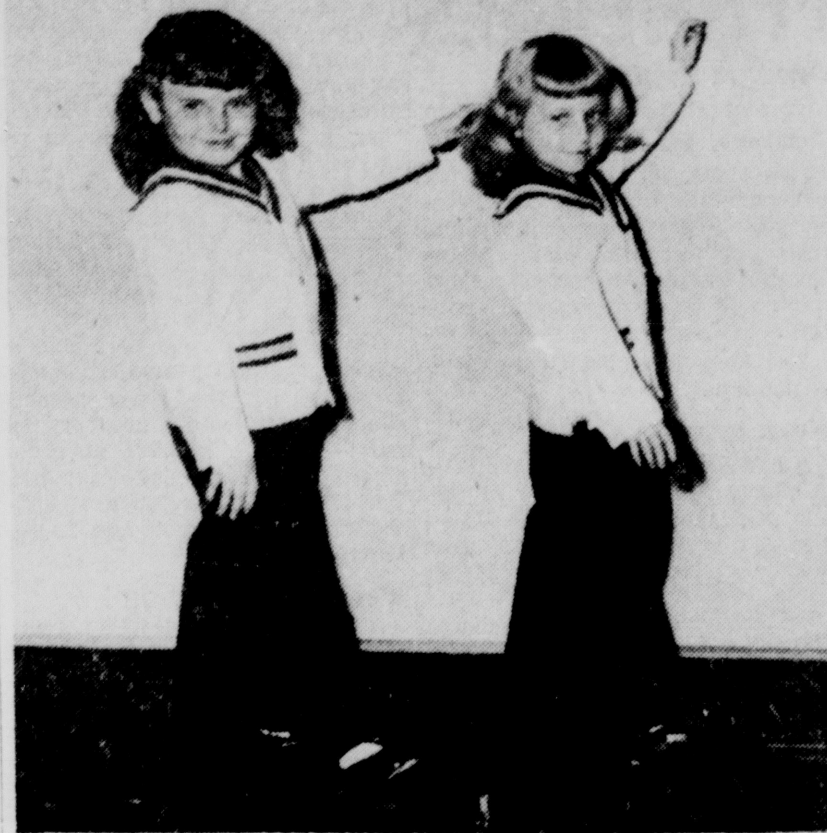

Mrs. Arthur Scrogum was installed as president of the council; Mrs. L. G. Bridgers, first vice president; Mrs. A. E. Kessecker, second vice president; Mrs. R. J. Shepherd, recording secretary; Mrs. D. A. Roth, corresponding secretary; and Mrs. Jack Means, treasurer.

Secretaries inducted are Mrs. Raymond Faulds Jr., Education; Mrs. Frederick J. Eckert, Missions; Mrs. Ross Decker, Young Relations; Mrs. Robert Young, Social Relations; Mrs. J. A. Leader, Church Women; Mrs. Means, Finance; Mrs. Logan Carpenter, pianist; and Mrs. John S. Cook, Public Relations.

The invocation was offered by Mrs. Kessecker. Mrs. Faulds read the Scripture and Mrs. Eugene Bittner was vocalist, singing, "I Walked Today where Jesus Walked," and "The Lord's Prayer." She was accompanied at the piano by Mrs. E. F. Avers, who also played for the group singing of "The Woman's Hymn." The program closed with benediction.

Mrs. M. H. Burgess, Mrs. H. C. Morin, Mrs. Walter Long and Mrs. E. A. Shoemaker were in charge of the program; Mrs. E. F. Phillips, reservations, and Mrs. Herbert Nesbitt, Mrs. Joseph Reinhardt, Mrs. Richard Cook, Mrs. A. M. Hutcheson and Mrs. James Kirkpatrick, table decorations.

Approximately 175 women attended.

STARS OF TOMORROW—Bonnie Cook, six-year-old daughter of Mrs. Ann Cook, Route 1, and Sharon M. Shanholtz, seven-year-old daughter of Mr. and Mrs. James Shanholtz, 534 Princeton Street, are featured in the Dixon Dance Review, "A Look at New York." They will be on the stage at the Strand at 8 p. m. May 20, appearing as sailors in Central Park dancing to "Anchors Away." They also will do a "Boogie Woogie Tap," to "Dark Town Strutters Ball." They will appear May 23 and 24 at Frostburg State Teachers College.

Mrs. Winsheimer Heads Alpha Sigma Alpha Alumnae

Cumberland Alumnae Chapter, Alpha Sigma Alpha elected officers, decided upon another project and arranged for the final meeting before the summer recess at the meeting at the home of Mrs. James Grosh, LaVale.

Mrs. Frank Winsheimer was elected president; Mrs. John Metzger, secretary-treasurer, and Mrs. Grosh was re-elected editor.

The group decided to collect old victrola records for the Newton Baker veterans. Anyone wishing to make a contribution is asked to call Miss Margaret Reid, 940-J. The records will be sent to Martinsburg along with the pocket book additions which have been collected, May 23.

It was reported that \$29 was raised for charity at the recent rummage sale.

Arrangements were discussed for the luncheon meeting which will be the final one until fall. It is to be held June 5 at Ali Ghan Country Club.

A NEW KIND OF MAYONNAISE... LIGHT—NOT HEAVY

Now you can buy a new kind of mayonnaise—Mrs. Filbert's LIGHT Mayonnaise. The old-fashioned heavy mayonnaise is gone. It's light with foamy egg yolks, light with delicate egg whites. The salad oil is so light it fluffs right in. You taste the richness, but no hint of oil!

"I make it to please folks' lighter tastes," says Mrs. Filbert. She uses the gentlest vinegar, and real lemon juice for sparkle. Even the spices are soft-flavored! Truly delicious—Mrs. Filbert's LIGHT Mayonnaise. Eat some today.

Vera Robinson To Become Bride Of Dr. L. R. McKenzie

Mrs. Vera Louise Robinson, daughter of Mr. and Mrs. R. S. Stevanus, 1317 Ella Avenue, is to become the bride of Dr. Lawrence Ralph McKenzie, son of Mrs. Irene Keyser, 323 Baltimore Avenue, today.

The wedding ceremony is being solemnized at 3:30 o'clock in St. Mark's Reformed Church with Rev. Carl Clapp officiating. Mrs. Eleanor Weakley will be her sister's matron of honor and only attendant, while Francis L. Parleton, Washington, serves as Dr. McKenzie's best man.

The bride has selected a street-length blue tissue faille dress for her wedding. It is fashioned with a low neckline and short jacket with roll collar and three-quarter-length sleeves. With it she is wearing a white hat and white accessories. Completing her costume she will carry a white Bible with white orchid marker.

Her matron of honor has a beige and tangerine costume and is carrying a nosegay of assorted flowers.

A former employee of Memorial Hospital, the bride is secretary-treasurer of the Western Maryland Hospital and Surgical Association. Dr. McKenzie is president of the Western Maryland Chiropractors Association and is vice president of the South Cumberland Business Men's Association.

A wedding reception is being held at the home of the matron of honor in the Colonial Apartments, following the ceremony. The bridal motif is being carried out in the decorations and tiered wedding cake, adorned with a miniature bride and bridegroom.

For their wedding trip to Williamsburg, Va., the bride is wearing a beige and brown suit with her orchid corsage. Upon their return Dr. McKenzie and his bride will reside at 106 Park Street.

Cumberland Chapter, Cosmopolitan Association will meet Sunday at the VFW home with Mrs. John Cunningham, Mrs. Paul Baker and Mrs. Charles Crawford as hostesses.

Valley High Plans Visitation Program For New Students

Keyser Clubs Urge Levy To Finish Community Pool

KEYSER — At the regular dinner meeting of the Kiwanis Club of Keyser held Wednesday evening, the membership voted to send a letter to mayor and city council asking them to lay a levy for a bond issue to cover the costs for completing the municipal swimming pool. The suggestion was made by the club that fund raising at this time is not considered advisable due to unemployment and slack business conditions in the city.

The club expressed itself as believing the pool should be opened for summer use and that a small bond issue for enough money to meet the necessary requirements would accomplish the job.

The club was informed that the Keyser Women's Club took a similar stand at its meeting this week.

Keyser Presbyterians To Hear Lecture On Union Of Churches

General Assemblies To Consider Proposal

KEYSER — Rev. Dr. John D. MacLeod, Jr., pastor of Keyser Presbyterian Church has announced that instead of the customary sermon on Sunday morning there will be an informal lecture on the Union of the Presbyterian Churches. The proposal, which contemplates the union of the Presbyterian Church, U. S. (Southern), Presbyterian Church, U. S. A. (northern), and United Presbyterian Church of North America is docketed for consideration by the respective General Assemblies this year.

Churches in this locality are in border territory, since the Cumberland and George's Creek churches are affiliated with the northern group and the churches at Keyser, Burlington, Piedmont and Romney are affiliated with the Southern group.

Dr. MacLeod is known as a strong advocate of the union. Opposition centers chiefly in South Carolina and Mississippi. President E. E. Church and Dean K. S. McKee, of Potomac State College were listed last week by the Presbyterian Outlook, church, paper.

Valley High Plans Visitation Program For New Students

Keyser Clubs Urge Levy To Finish Community Pool

KEYSER — At the regular dinner meeting of the Kiwanis Club of Keyser held Wednesday evening, the membership voted to send a letter to mayor and city council asking them to lay a levy for a bond issue to cover the costs for completing the municipal swimming pool. The suggestion was made by the club that fund raising at this time is not considered advisable due to unemployment and slack business conditions in the city.

The club expressed itself as believing the pool should be opened for summer use and that a small bond issue for enough money to meet the necessary requirements would accomplish the job.

The club was informed that the Keyser Women's Club took a similar stand at its meeting this week.

160 To Register At Fall Term

LONA CONING — "Visitation Day" for Barton, Midland and Central Elementary Sixth Graders and St. Joseph's Parochial ninth graders, to the Valley High school will be held Thursday, May 27, from 9 a. m. to 11:15 a. m.

Approximately 160 elementary students who will enter Valley High in September will make their visit and attend a program set up for them by James D. Preaskorn guidance counselor.

Miss Elizabeth Love is in charge of the opening program to be held in the auditorium, with Mrs. Doris Mitchell and Miss Giffin assisting her on the committee. Talks by Seventh Grade pupils will be included, as well as musical numbers by the glee club.

Miss Catherine Manley, chairman, Mrs. Elizabeth Cooper, Miss Lillian C. Abbott and Richard C. Fram are the faculty committee in charge of the grouping into four groups to spend approximately twenty minutes visiting the cafeteria, where Mrs. Gladys Bolyard, manager, will discuss the cafeteria service and refreshments will be served; the school library, where Mrs. Nora C. Troxell, librarian, will explain the library procedure; the gymnasium, where Coach John C. Meyers will show the boys physical education department; and Mrs. Pauline S. Hamilton, the girls physical education department; and a general tour of the building to become acquainted with the classrooms.

Joseph D. Derry will be in charge of a band program to complete the day's program for Visitation Day. Bus transportation will be planned for the bringing of the visitors to Valley High School.

THE RACE OF LIFE

Life is much like this race. It is a handicap, a struggle against odds, a contest to be won.

This race begins in the cradle when the "little man" bangs his first rattle against the crib. It continues when he takes his first step, rides his first bike, carries his first books to school, and comes home with his first girl friend.

Preparation for living is all-important. Our children have so much to gain, so very much to lose. They will need robust health, a well-rounded education, but most important of all, they will need moral and spiritual strength. They must learn to interpret God's will concerning their lives.

Take your children to Church, so that their future destiny may be guided by God's word. And by example, show them how the most important race of all can be won—the race of life.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE RACE OF LIFE

Life is much like this race. It is a handicap, a struggle against odds, a contest to be won.

This race begins in the cradle when the "little man" bangs his first rattle against the crib. It continues when he takes his first step, rides his first bike, carries his first books to school, and comes home with his first girl friend.

Preparation for living is all-important. Our children have so much to gain, so very much to lose. They will need robust health, a well-rounded education, but most important of all, they will need moral and spiritual strength. They must learn to interpret God's will concerning their lives.

Take your children to Church, so that their future destiny may be guided by God's word. And by example, show them how the most important race of all can be won—the race of life.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sewage Treatment For Cumberland

Representatives of the Pittsburgh Plate Glass Company have suggested to city officials that the City of Cumberland build a sewage treatment facility so that clean water will be available in event the glass company goes ahead with plans to build a new plant here.

There was no indication that the company's final decision to locate here hinges on construction of such a sewage treatment facility, but there can be little doubt that assurance of such a project would react favorably on officials of Pittsburgh Plate.

Cumberland already is confronted with court action instituted by the State Department of Health in a move to force this city to build a sewage disposal plant and so relieve the health menace resulting from the dumping of raw sewage into the Potomac River.

Construction of such a facility, which has been considered by the city, would be expensive. With that there can be no argument. But once completed a modern sewage disposal plant would be something else at which Cumberlanders could point with pride.

Certainly now there can be no pride in acknowledging or admitting to anyone that a city the size of Cumberland has no sewage disposal plant but instead dumps its sewage into the Potomac River. That such is the case is a disgrace.

Eventually, Cumberland will have to build a sewage disposal plant, if not by force of law then by force of public opinion.

Why not get moving in the right direction now by setting the machinery in motion to build a modern, adequate sewage disposal plant?

It may help to assure the location here of a big, new plant with resultant increased employment. It will relieve the ever present danger of disease by reducing pollution of the river. It will show others that Cumberland is a modern, forward-looking, progressive city. Let's do it voluntarily instead of being forced into it by the courts.

The Santa Fe Case

The failure of the Congress to revise the Taft-Hartley Law in this session brings to the fore the case of the Santa Fe Railroad, which is fighting through the courts the question of the closed shop. While railroads do not come under this act, whatever decision is handed down by the Supreme Court may affect every industry.

The basis for the legal argument was stated by F. G. Gurley, president of the Santa Fe System Lines, as follows:

" . . . This young man (a railroad employee) had been a member of the appropriate labor organization. The time came when unfortunately both his wife and his child became ill. He encountered unusual expenses which caused him to be in debt and he became delinquent in his dues to the labor organization. When he became delinquent in his dues he was no longer in good standing and, under the agreement between the labor organization and the railroad in question he was discharged. Of course this did not help him pay his debts nor did it help him or his family in the pursuit of happiness."

This young man was one of 13 Santa Fe employees who testified at Amarillo, Texas, against both the unions and the railroad, parties of an agreement. In due course, the railroad lined up with these 13 employees against the unions. Thus far, the Supreme Court has never decided a "right-to-work" case. In the instance of the one worker quoted, the issue is so clear:

1. He is not opposed to unions;
 2. He belonged to a union;
 3. Because of circumstances beyond his control, he fell into arrears in dues payments;
 4. He did not deny his obligation but could not meet it;
 5. Therefore, the union rejected his right to work.
- The question then is: Does the law—any law—the Railway Labor Law or the Taft-Hartley Law, authorize a union to forbid a man to work because he falls into arrears in union dues payments? Morally, the question is whether a man's responsibility to his family. In a tight financial situation, is greater than his responsibility to his union.
- The answer to both questions could be that the man could borrow money to pay his dues, but is it public policy to force a man into debt to a bank or a loan shark when he might be in debt to his union, meeting that debt as his situation cleared up? Even taxes can be postponed upon application.
- Mr. Gurley makes the point:
- "The payment of dues to the union cannot properly be likened to taxes. Taxation is a sovereign power and may be exercised by the government alone. There is not the slightest basis for the levying of taxes by a labor union or by any other private association."
- The unions' argument against this is that the unions obtain benefits for the men which are advantageous both to those who join unions and those who do not. Why should there be any free riders? That involves the further argument that compulsory membership requires a renunciation of the liberty of person. Suppose an individual can do better for himself by not joining a union, should he be compelled to accept the basic pay, which the union insists upon, rather than the better pay because of his superior abilities? Actually, in many industries when such more able workers are discovered, they are singled out, given titles which do not come within the union agreements. Sometimes they are called "executives."
- Mr. Gurley puts it this way:
- " . . . Suppose a law were passed providing that management could require as a condition of employment that all employees must belong to an industry protective association, formed to advance the welfare of the industry as a whole. A strong argument could be made that the corporate employer, by financing, organizing and managing the business, is providing the opportunity for employment which is so vital to the employees, furnishing them as it does with the means of earning a livelihood"
- This is not a popular argument but it is neither fanciful nor illogical.

Another director is married to a girl who is hipped on psychoanalysis. The day after their first son was born, the director appeared at the studio commissary, passed out the customary cigars, and announced cheerfully, "Well, I've deposited \$5,000 in the bank to take care of the kid's complete analysis. Now, when he learns to talk, if he ever raises his voice to me once, I'll have no compunction whatever in beating the bejabbers out of him."

In the Columbia School of Journalism, 12 writers vowed that, times being what they are, they'll pen nary a discouraging word and confine their literary output to cheerful subjects. What they propose to be, in short, is chipper by the dozen.

Unyielding Attitude Of Reds Witnessed At Geneva

By David Lawrence

GENEVA—It is possible now to give an outline of what is going to happen at this conference with respect to both the Indochina and the Korean problems.

First, there is to be no settlement of the controversy over unifying North and South Korea. The proposal of the Communists that an all-Korean election be held without supervision by the United Nations has brushed aside all hopes of any agreement. This conference will merely announce in due time the points of difference and express the hope that at some future time, perhaps with the rising influence of world opinion, the United Nations itself can take it up again.

Second, as to Indochina, there will be a patched-up proposal to bring about a cessation of hostilities, but the United States will not be satisfied with the plan because of a fear that the Communists will be able thereby to overrun all of Indochina. Accordingly, as was announced in the early days of this conference by Secretary of State Dulles, the American government will "disassociate" itself from the proposal. There is no certainty that the Communists will accept it—which, of course, would relieve everybody on the Allied side from embarrassment. Such a result would also mean stepped-up military operations in Indochina, with more material aid from the United States than before, though America has no intention at present of using any of her manpower there. This can happen only if there is a general outbreak and the Chinese engage in what is called by Mr. Dulles "open intervention."

French Cabinet Puzzled

But if the Communists do accept some sort of armistice setup, the United States will go ahead anyway with its long-range plans for a Southeast Asia collective security pact and will try to wall off the area and at the same time furnish indirect assistance to the Allied governments which accept the armistice. The purpose would be to prevent the armistice line from breaking down. While this doesn't mean a guarantee, it does mean an effort to contain the situation within its boundaries.

All this is a far cry from real peace but, if Moscow and Peking do want to stop the war—something that hasn't been evident thus far—then such an opportunity is available to them here. One theory prevalent is that the Communist leaders in Peking and Moscow are actually interested in seeing a plan adopted that will make possible a political infiltration in the three Indochina states, rather than trying to keep the area divided permanently by a military armistice line, and hence the Reds will insist on elections. This unpalatable plan is vexing a wavering French cabinet in Paris.

Wouldn't Guarantee Settlement

So, while it is conceivable that something of a stopgap in the Indochina situation can materialize, there is only a 50-50 chance of it. It seems certain that the so-called settlement will not be one that the United States Government would guarantee.

What the world is witnessing here is a failure not of Allied diplomacy—which, indeed, has been resourceful and energetic in its effort to find acceptable solutions—but a plain manifestation of the Communist refusal to bend an inch on Korea, together with almost as unyielding a position on Indochina.

This conference has been told by Soviet representative Molotov that Moscow has no faith in the United Nations as an impartial body to supervise elections in Korea and that, in fact, the organization was actually a "belligerent" in the Korean War. Such repudiation of the United Nations makes little sense when it is considered that the Soviet government has been trying to get the government of Red China admitted to the security Council.

Mr. Molotov's speech here denouncing the United Nations makes it clear that he is not concerned with what that organization does. One wonders, therefore, why the other members of the United Nations haven't long ago expelled Soviet Russia for giving military aid to the Communist armies in the Korean War—a fact publicly admitted by Soviet delegate Vishinsky at a session of the United Nations General Assembly over a year ago. Maybe if the Communists were expelled from the United Nations—as the Moscow government was fired out of the League of Nations a few decades ago—there would be more unity on the side of the non-Communist countries as they strive to perfect a truly powerful instrumentality of collective security.

Baering Down on The News

By Arthur "Bugs" Baer

Geneva has absorbed the panorama of 200 peaceful Russians marching in Macedonian Phalanx.

Where Nero made a desolation and called it peace the brigaded ambassadors will thunder negatives and tag it harmony.

When those 200 Muscovites put their heads together will that bring home the cabbage?

They are now thinking by squads and answering by platoons.

The comrades have been bivouacked in the cloakroom where they practice brain-washing on hat bands.

At luncheon Comrade Molotov said, "The most important decision must be made on the most important document. Who picks up the check?"

Comrade Molotov was awarded that post-prandial post by 199 negatives to one.

What will be the historical concession demanded by 200 Russians armed with lunch boxes and dollar kodaks? No more wars without excursion rates.

Comrade Molotov's opening speech to his mob was "Remember you are all yes-men. But don't forget in Russia the yes-men say no."

So they dropped their anchors and sang the Volga Boat Song for their secret submarines.

Comrade Molotov continued, "Half of us will stay awake and half will sleep. Anybody caught smiling in his sleep will be executed for having pleasant dreams."

Whereupon they all unloaded their consonants and played Russian scabble with black beans.

House Dust, Ragweed Most Important Allergic Agents

By Dr. Theodore R. Van Dellen

House dust ranks with ragweed as the most important of all allergic agents. It is one of the major offenders in bronchial asthma, allergic nose colds, and even certain types of eczema. In addition, dust is an irritant and acts as a reservoir for bacteria. In this respect, it is a source of infection and plays a role in causing respiratory disorders.

Some of the dust in the bedroom and living room comes from within the house; the remainder is brought in from the outside. It is shed by aging materials in furniture and clothing. Dust comes from cotton, wool, draperies, rugs, pillows, mattresses, and stuffed toys. From the allergic viewpoint, the particles are snared in the nose, except that the cilia are not forced to work against gravity.

The relationship between house dust and asthma is so well established that anyone with asthma is tested for sensitivities along this line. The skin scratch test works best. In this procedure, the extract of dust may be prepared from samples obtained in the home. These preparations seldom are "pure" because house dust usually is contaminated with kapok, feathers, animal dander, or insecticides. A positive test demonstrates that the individual is sensitive to these dusts.

The dust-sensitive person should attempt to eliminate all dust producers in the home. This is best done by covering the floor with linoleum or leaving it bare, using plastic draperies and rubber mattresses and pillows, and avoiding upholstered furniture, especially in the bedroom. Curtains are permitted if they are washed at least every two weeks. It is advisable to enclose springs and cotton mattresses with plastic coverings. Dry dusting and sweeping are taboo; damp or oiled rags and wet mops will hold the dust in tow. A good vacuum cleaner, with all the attachments, is essential. Rug pads are one of the major offenders and if rugs must be used, they should be washable and placed over rubber pads.

ANEMIA ORIGINS

N. J. writes: Why would a person who eats a well balanced diet become anemic?

REPLY

Loss of blood through hemorrhage, failure of the blood-forming organs to work, and destruction of the blood by a poison or a toxin could be to blame. Send a stamped, self-addressed envelope for leaflet on anemia.

X-RAY LIMITATIONS

G. Z. writes: Do X-rays always show what is wrong with a person?

REPLY

X-rays have their limitations and although they do an excellent job in diagnosing peptic ulcer and diseases of the chest, they are of no value in diagnosing anemia or typhoid fever. In this respect they are like many other laboratory tests which are useful adjuncts in some areas but not in others.

INJURY ARTEREFFECT

N. W. writes: What is crushing syndrome? I hear there have been only 188 cases in medical history.

REPLY

I do not know the statistics, but crush syndrome follows a severe crushing injury of one or more extremities. The affected parts become swollen, paralyzed, and insensitive to pressures. Meanwhile, the victim goes into shock which in turn has a reflex effect upon the kidneys. Unless these organs are able to recover, death is likely to occur six to seven days later.

WEAK MUSCLES

H. D. writes: Has any drug been discovered that will cure myasthenia gravis?

REPLY

Control, yes; cure, no. Send a stamped, self-addressed envelope for leaflet on myasthenia gravis.

SEX AND BIRTHMARKS

Mrs. L. writes: Do more boys or girl babies have birthmarks?

REPLY

These adornments are partial to girls; an incidence of 65 per cent has been recorded in females.

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made under proper limitations, when return stamped envelope is enclosed. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.

House Majority Leader Halleck Enjoys Warmth Of White House Friendship

By Drew Pearson

WASHINGTON — Quiet-spoken Joe Martin, the smooth-operating speaker of the House of Representatives, isn't saying anything about it, but he's just a bit irked at the way his chief assistant, Charley Halleck of Indiana, is intimating he's the GOP leader closest to the White House.

Congressman Halleck did a terrific job for Eisenhower in ramming the St. Lawrence Seaway through Congress even though he has always been against it, and even though one of his best friends, Frank McCarthy, lobbyist for the Pennsylvania Railroad, was anxious to have it blocked.

"I argue about this question and about that," explains the House majority leader. "However, when the team makes up its mind, I'm for the team."

Halleck also tells the story of how Eisenhower, after one meeting of Republican leaders, said: "I'd like to talk to you alone for a minute, Charley."

"I'd like to tell you," the President continued, when they were alone. "That when I was nominated in Chicago, various names were brought to me. I didn't know much about them then. But I want you to know that your name was among five young men I accepted to run with me on the ticket."

Halleck says that the President took him upstairs in the White House and asked him what he thought of a painting, Charley said he liked it.

"I'm glad you like it," said the President, "because I want to make you a present of it."

Some days later Eisenhower called to say: "Charley, this is a little embarrassing. Mamie says she's just got to have that picture herself."

So the President had several copies made, of which one went to his House majority leader. On it was this inscription: "Dear Charley, I had hoped to give you the original. This is the best I can do. But some day I hope to get the original away from Mamie."

Charley Halleck is very proud as he shows it to friends.

Ike Helps Joe

Joe McCarthy's political pal, Robert Jones, is now staging a well-publicized campaign in Maine to defeat the only elected lady senator, Margaret Chase Smith, who had the courage to circulate the "Declaration of Conscience" against McCarthy's crude senatorial behavior.

Unpublished, however, is the fact that McCarthy can crow over the political demise of another Republican senator who stood up against him even more than Mrs. Smith — Hendrickson of New Jersey. Mrs. Smith is going to win. Hendrickson did not.

Senator Hendrickson not only signed Mrs. Smith's "Declaration of Conscience," but went much further. He signed the Senate report on McCarthy's amazing finances, thereby making the report unanimous. Before he signed, he got vigorous pressure from McCarthy, with implied threats that Hendrickson would regret it when he came up for re-election.

However, it fell to the White House, not McCarthy, to lower the political boom on Hendrickson. Though the New Jersey Republican is one of the most conscientious in the Senate, and is now conducting a vitally important probe of juvenile delinquency, Eisenhower pulled wires with New Jersey political bosses to ease Hendrickson out of the race. If Hendrickson stayed in they threatened to put other Republican candidates in the race, well-heeled with dough. So Hendrickson yielded.

McCarthy didn't have to lift his finger. The one Republican who dared sign the McCarthy report was axed for him by the White House.

NOTE — The incredible statement of McCarthy's finances is still gathering dust in one of Attorney General Brownell's pigeonholes.

McCarthy Gagne

Best test of whether Eisenhower is really down on Joe McCarthy, as advertised by White House aides, is what he does about Joe's pal, Federal Communications Commissioner John Doerfer.

Most people don't realize it, but McCarthy has managed to wrangle two of his friends, Doerfer, and Robert E. Lee, on to one of the most important agencies in government. There they can dominate the airways, grant or deny TV and radio licenses; and recently gave a coveted TV license to McCarthy's pal, H. L. Hunt, at Corpus Christi.

And with a new McCarthy-isolationist faction, the "For America," showing signs of splitting the Republicans, the influence of McCarthy friends and henchmen on the FCC is even more important. For instance Texas millionaire Hunt now controls four radio and TV programs which get free time and also certain tax benefits — Facts Forum, Answers for Americans, Reporters Round-Up, and State of the Nation.

At one time Mrs. McCarthy worked for Hunt on Facts Forum, as did Robert E. Lee, now an FCC Commissioner.

Meanwhile, however, Commissioner Doerfer's term expires June 30. And within the next couple of weeks Eisenhower will have to decide whether to reappoint him. With an undistinguished record on the FCC, Doerfer has played the McCarthy line more than Commissioner Lee.

If Ike does reappoint him, it will be interpreted on Capitol Hill that Eisenhower is still appeasing McCarthy, and some of the Democrats propose that they make it a test case on McCarthyism. If they stick together as they did on Taft-Hartley they can win.

"Engagement Announced"

By Brother Barnabas

"In the spring a young man's fancy lightly turns to thoughts of love."

Love has all seasons for its own, but May is the month of engagements and June, proverbially, the month of weddings.

Rings and trousseaus are being shown in shop windows, and with a little stretch of the imagination one can almost hear the strains of "Here comes the bride."

When the engagement is announced the die is cast. It is too late then to back out honorably.

In a matter so vital as marriage it is better to be sure than sorry. Otherwise one may be in the predicament of the young man who with the spring motif proposed and was promptly accepted by the girl. Then there came an embarrassing silence, till she said, "Why don't you say something?" Said he, "There's been too much said already."

Romantic Or Rationalizing

The love that culminates in marriage is either romantic or rationalizing. If the former, it is "love at first sight." If the latter it is calculating and prudential.

If one persistently wards off Cupid's darts he is on the way to bachelorhood, or is married already to his career.

A wise man said, "He who finds a wife . . . obtains favor from the Lord" (Proverbs 18:22).

The present writer knew Jack Dill, a local "character." One day in reminiscent mood he confided in his droll way; "I got tired of 'baching' and thought I'd better look around and find me a woman and go to housekeeping."

He found that "housekeeper" but there was no rapport between them and their marriage was not a happy one.

Some Tough Questions

In these modern days matrimony has capitulated with Gretchen Green and Reno, and the sacred institution of marriage has been caricatured to the point where it has lost some of its native charm and meaning.

The would-be benedict has some momentous questions to decide before he takes the final "plunge."

Shall he marry for beauty, or brains, or money, or social position? If beauty, shall it be external, or internal?

If for wealth there is the possibility she may say, "What did you do with that 50 cents I gave you last week?"

Shall he catch the "bird" first and then provide the cage, or vice versa?

Real Love Needed

John was by all odds the handsomest man present and the hostess introduced him to a beautiful daughter of a Scotch lawyer, indicating that she was the one he should marry.

She was 19 and he was 29 when they were married. They did not learn the give-and-take of marriage.

The celebrated artist Millais was invited to paint a portrait of Mrs. Ruskin. They fell in love. The marriage was annulled and Ruskin witnessed the marriage of his former wife to the artist she loved.

What a commentary on a marriage that is founded on anything less than God-blessed love!

"You don't even know where this young man comes from," said protesting parents to their sensible daughter. "No, but I know which way he is going, and I very much desire to go with him."

They married and became the grandparents of Adam Clark, the famous Bible commentator.

If you want to see match-making at its best, study how Naomi played her cards to win a husband for her daughter-in-law.

Read the story of Ruth the Moabitess, and her conquest of Boaz, and what came of their marriage.

CASH IN ON YOUR LUCK
 WHAT IS ON THE USE OF HAVING good luck, if you don't know how to use it? Making the most of the gifts offered by the fortunate position of the cards, or by what the opponents do, is not always seen among the majority of players. The top stars, however, nearly always take full advantage of such opportunities, and often wind up taking so many tricks on a particular deal that you can hardly believe it until you learn just what occurred.

have had to guess the location of the Q the best he could and might have lost a trick there, thus barely making his contract.

These defenders, however, though not with malice aforethought—so played that the able declarer, the perennial American champion Theodore A. Lightner, could not help taking a dozen tricks.

West led the heart 10 and, after a low card from dummy, East played the A since he could read from the lead that South had the K. That assured a trick with the K, which never would have been possible if South had been obliged to lead the suit himself. Still, in an involuntarily kind mood, the defense then did him a second favor when East returned the diamond 7. Now there was no earthly chance for the declarer to mis-guess the Q. He played low and West had to use the Q to keep the 8 from winning the trick.

After the A topped that card, Mr. Lightner was able to finesse clubs successfully and thus make twelve tricks, with five in spades, one in hearts, four in diamonds and two in clubs, having lost only to the heart A.

Your Week-end Question
 What are the three ways whereby a defender, who holds a guarded trump honor that might be captured if a trump were led from dummy through it, may nevertheless be shut out of a trick with his big card even though there be no remaining trump in dummy for such a lead?

Simpson Cops Marbles Title At St. Mary's

Becomes 15th Champ In Times-News Series

Tommy Simpson defeated former champs and runners-up and a field of class winners yesterday afternoon to cop the marbles championship of St. Mary's School. After eliminations there were still 32 contestants left to play in the school finals with the St. Mary's principal, Sister Rose Mary, joining the Times-News tournament officials in conducting the finals.

Winning their way to the semi-finals were Edgar Phillips, Jack Hudson, Mike Clark, Joe McKenize, Frank Carnahia, Joe Morris and Ed Kirby.

Simpson and Morris met in the finals, won by Simpson.

Only five schools out of 22 are still to hold tournaments. They are East St. Ide, Alllegany, Columbia Street, Centre Street and Humbird.

The 22 school champs will shoot it out on Tuesday, June 1, for the grand prize of a week's vacation at the seashore with all expenses paid by the Times-News. This year's marbles tournament has drawn close to 1400 entries in 22 schools.

STADIUM INN BEATS K-C FOR 3RD PLACE
 Stadium Inn, Frostburg, clinched third place in the Alllegany County Men's Shuffleboard League playoffs by winning the six-game series from the Cumberland K. of C. by the margin of 10 points.

The Knights won the last three games, 88-80, but were unable to overcome the 18-point advantage of Stadium Inn in the first half of last night's games.

Green was high point man for Frostburg with 25 tallies while Joe Love paced the Knights with 22 in last night's games.

Hugh Nolan's No-Hitter Gives LaSalle 5-1 Win Over Fort Hill

Snead Is First In Arithmetic Open Tourney

Passes Jim Demaret, Leads By Nine Points

WESTBURY, N.Y., May 14 (AP)—Bull-strong Sam Snead held up best in two wearisome rounds of golf through a cold, biting wind today to take third round command of the Meadow Brook round robin tournament.

The Masters champion collared Jimmy Demaret, the first round leader, in a head-to-head morning duel and then fired a two-under-par 68 in the afternoon to seize a strong nine-point lead.

When the adding machines had stopped whirring at dusk in this dizzy so-called "arithmetic open," there was old, balding Sam out front with 33 plus points, trailed by the rollicking Demaret with 24.

Demaret made a spectacular comeback after taking a nightmarish eight on the second hole this morning—a disaster that cost him ten points in one swoop—and registered a 69 for the third round. This gave him six points and kept him in the thick of contention.

Following the two pace setters were apple-cheeked Doug Ford, from Klamath Lake, N.Y., with 15 plus points; defending champion Cary Middlecoff, with 13 plus, and Earl Stewart, Jr., the bespectacled young Texan, with plus 11.

Stewart shot a two-under-par 68 which kept Snead from fattening his point total in the afternoon.

Middlecoff, the tall Tennessee dentist, took all prizes for inconsistency. He poked up a bucketful of points—18 to be exact—with a brawling 67 in the morning but fell back in the afternoon. At one stage he was minus 13 points but he rallied after a front side 39 to finish with a 72, which cost him only one minus point.

Par for the 6,648-yard Meadow Brook course is 35-35—70, and few took liberties with it today as the weather turned cold, cloudy and windy.

It so happens that Snead's 207 for three rounds is the best of the medal scores although that is not always the case in this unusual tournament. A player wins on points, which he picks up or loses, by comparing his medal score with that of each of the other three in his foursome.

The fourth round is scheduled tomorrow and the final round Sunday. By the end of the tournament each man will have met each of the other 15 in the hand-picked field.

City School Patrol Units To March In Parade Today

A three-division parade of Cumberland area school patrols will highlight a busy day for the Queen City today.

This event is just one of three big activities scheduled. Municipal Airport will be busy all day with a hundred-plus sports cars buzzing the runways. In the afternoon at Fairgo an impressive Armed Forces Day program will be staged.

The school boy patrol parade being sponsored by the individual parent-teacher associations will leave the State Armory today at 11 a. m. en route to Allegany High School.

The line of march, with Thomas F. Conlon Sr., as marshal, will be from South Centre Street to Baltimore, to North Centre, to Market, and over Cumberland and Tilghman streets to the high school.

There will be three divisions. The first will be led by Allegany High School Junior Band and twirlers followed by the patrols from the following schools—John Humbird, West Side, LaVale, SS.

Peter and Paul, Corriganville, Elerslie and Penn Avenue.

Second division will be led by the Drum and Bugle Corps of Henry Hart Post 1411, Veterans of Foreign Wars, and will include patrols from these schools—Carver, Johnson Heights, East Side, Cresaptown and Gephart.

The Fort Hill Junior Band will lead the third section which will be comprised of these schools—Mt. Royal, St. Patrick's, Columbia Avenue, Centre Street, Virginia Avenue and St. Mary's.

John J. Long, commissioner of police and fire, will address the children on street safety, and W. Earle Lawyer, Bedford Road, will present a program of magic tricks.

After this, the 569 pupils will be given a luncheon in the school cafeteria.

Lawyer and Carl Wagner are co-ordinating plans for the event.

In case of rain, the school patrols are to report at the Allegany High auditorium at 11:30 a. m. today for the program and luncheon.

Members of the drum corps of Henry Hart Post 1411, Veterans of Foreign Wars, will assemble at the Post Home today at 8 a. m. to take part in the parade.

GIVEN PROMOTION — T. Gray Ward, whose family resides on RD 6 of this city, has been promoted to superintendent of the transparent films section of the Celanese Corporation of America plant at Newark, N. J. A native of Keyser.

Local Jury Sets Price For Land

A jury in Circuit Court yesterday returned a verdict of \$900 for the heirs of Fideli Colosimo in a condemnation suit brought by the State Board of Education over a lot needed for the construction of a new gymnasium - auditorium at Frostburg State Teachers College.

The condemnation suit was filed by the State Board of Education last June to determine the owner of Lot No. 11 in the Park Addition of Frostburg. Members of the jury were taken to Frostburg to view the property in question in order to assist them in setting a fair price for the land.

The lot was purchased in 1912 by Carmine Perrini and Maria Perrini, his wife. Natives of Italy, they returned here in 1914 and Carmine Perrini was killed in service with the Italian Army in World War I. His wife died childless. They had no known heirs.

Before returning to Italy, the Perrinis leased the lot to Fideli Colosimo under provision that he should continue to pay taxes on the property. Colosimo used the tract as a garden until his death in 1924. The State Board of Education has obtained a \$500 option on the property and was willing to pay for it, but needed a clear title to the lot. Associate Judge Morgan C. Harris presided at the hearing. Thomas B. Finan represented the State Board of Education while Noel Speir Cook was attorney for the Colosimo heirs.

City Playing Fields Being Put In Shape By Rec Department

The City Recreation Department is in the midst of a project to improve local playing fields.

Robert E. Pence, city recreation director, said that each year the softball and baseball programs expand and the demand for diamonds is greater.

The recreation department is currently putting Taylor Field into first class shape. This work includes removal of topsoil which is filled with rocks, replacing it with good dirt that will be graded, rolled and shaped.

Stitcher Field, Pence reported, is in the best shape it has been in in recent years. It has been rolled, filled, graded and shaped. The Rolling Mill diamond will require some new dirt, and shaping and grading.

At Thomas Post Playground, the department is putting the finishing touches on the diamond there. The dirt is being rolled, grass cut, and a new backstop is being constructed with a protective screen between the playground so children will not be hurt.

The diamonds at the two high schools, Allegany and Fort Hill, are used by the Recreation Department.

Magistrate Thompson Admitted To Hospital

Magistrate Alban C. Thompson, who has been ordered to rest from his duties in Juvenile Court, was admitted Wednesday evening to Columbia Hospital, Wilkensburg, Pa. He was reported in "fair" condition yesterday.

Thompson, whose duties are being taken care of by substitute Magistrate Morris Baron, had gone to Pittsburgh earlier that day to visit a daughter, Mrs. Samuel Craig.

ment, and are kept in shape by the schools.

When the overall project is completed, all of the playing fields will be in good shape, Pence observed.

Lovenstein Honored

Lawrence Lovenstein, son of L. J. Lovenstein, Washington, formerly of here, has been elected into the Gate and Key Society, interfraternity organization at the university. Also a member of Kappa Sigma fraternity, he is a graduate of LaSalle High School.

CASH IN ON YOUR LUCK
WHAT is the use of having good luck, if you don't know how to use it? Making the most of the gifts offered by the fortunate position of the cards, or by what the opponents do, is not always seen among the majority of players. The top stars, however, nearly always take full advantage of such opportunities, and often wind up taking so many tricks on a particular deal that you can hardly believe it until you learn just what occurred.

Simpson Cops Marbles Title At St. Mary's

Becomes 15th Champ
In Times-News Series

Tommy Simpson defeated former champs and runners-up and a field of class winners yesterday afternoon to cop the marbles championship of St. Mary's School. After eliminations there were still 32 contestants left to play in the school finals with the St. Mary's principal, Sister Rose Mary, joining the Times-News tournament officials in conducting the finals.

Winning their way to the semi-finals were Edgar Phillips, Jack Hudson, Mike Clark, Joe McKen-zie, Frank Carnachia, Joe Morris and Ed Kirby.

Simpson and Morris met in the finals, won by Simpson.

Only five schools out of 22 are still to hold tournaments. They are East Side, Allegany, Columbia Street, Centre Street and Humbird.

The 22 school champs will shoot it out on Tuesday, June 1, for the grand prize of a week's vacation at the seashore with all expenses paid by the Times-News. This year's marbles tournament has drawn close to 1400 entries in 22 schools.

Stadium Inn Beats K-C For 3rd Place

Stadium Inn, Frostburg, clinched third place in the Allegany County Men's Shuffleboard League play-offs by winning the six-game series from the Cumberland K. of C. by the margin of 10 points.

The Knights won the last three games, 88-80, but were unable to overcome the 18-point advantage of Stadium Inn in the first half of the match.

Green was high point man for Frostburg with 25 tallies while Joe Love paced the Knights with 22 in last night's games.

City School Patrol Units To March In Parade Today

A three-division parade of Cumberland area school patrols will highlight a busy day for the Queen City today.

This event is just one of three big activities scheduled. Municipal Airport will be busy all day with a hundred-plus sports cars buzzing the runways. In the afternoon at Fairgo an impressive Armed Forces Day program will be staged.

The school boy patrol parade being sponsored by the individual parent-teacher associations will leave the State Armory today at 11 a. m. en route to Allegany High School.

The line of march, with Thomas F. Conlon Sr., as marshal, will be from South Centre Street to Baltimore, to North Centre, to Market, and over Cumberland and Tighman streets to the high school.

There will be three divisions. The first will be led by Allegany High School Junior Band and twirlers followed by the patrols from the following schools—John Humbird, West Side, LaVale, SS.

Peter and Paul, Corriganville, Ellerslie and Penn Avenue.

Second division will be led by the Drum and Bugle Corps of Henry Hart Post 1411, Veterans of Foreign Wars, and will include patrols from these schools—Carver, Johnson Heights, East Side, Cresaptown and Gephart.

The Fort Hill Junior Band will lead the third section which will be comprised of these schools—Mt. Royal, St. Patrick's, Columbia Avenue, Centre Street, Virginia Avenue and St. Mary's.

John J. Long, commissioner of police and fire, will address the children on street safety, and W. Earle Lawyer, Bedford Road, will present a program of magic tricks. After this, the 569 pupils will be given a luncheon in the school cafeteria.

Lawyer and Carl Wagner are coordinating plans for the event.

In case of rain, the school patrols are to report at the Allegany High auditorium at 11:30 a. m. today for the program and luncheon.

Members of the drum corps of Henry Hart Post 1411, Veterans of Foreign Wars, will assemble at the Post Home today at 8 a. m. to take part in the parade.

GIVEN PROMOTION — T. Gray Ward, whose family resides on RD 6 of this city, has been promoted to superintendent of the transparent films section of the Celanese Corporation of America plant at Newark, N. J. A native of Keyser.

Local Jury Sets Price For Land

A jury in Circuit Court yesterday returned a verdict of \$900 for the heirs of Fideli Colosimo in a condemnation suit brought by the State Board of Education over a lot needed for the construction of a new gymnasium-auditorium at Frostburg State Teachers College.

The condemnation suit was filed by the State Board of Education last June to determine the owner of Lot No. 11 in the Park Addition of Frostburg. Members of the jury were taken to Frostburg to view the property in question in order to assist them in setting a fair price for the land.

The lot was purchased in 1912 by Carmine Perrini and Maria Perrini, his wife. Natives of Italy, they returned there in 1914 and Carmine Perrini was killed in service with the Italian Army in World War I. His wife died childless. They had no known heirs.

Before returning to Italy, the Perrinis leased the lot to Fideli Colosimo under provision that he should continue to pay taxes on the property. Colosimo used the tract as a garden until his death in 1924.

The State Board of Education has obtained a \$500 option on the property and was willing to pay for it, but needed a clear title to the lot. Associate Judge Morgan C. Harris presided at the hearing. Thomas B. Finan represented the State Board of Education while Noel Speir Cook was attorney for the Colosimo heirs.

City Playing Fields Being Put In Shape By Rec Department

The City Recreation Department is in the midst of a project to improve local playing fields.

Robert E. Pence, city recreation director, said that each year the softball and baseball programs expand and the demand for diamonds is greater.

The recreation department is currently putting Taylor Field into first class shape. This work includes removal of topsoil which is filled with rocks, replacing it with good dirt that will be graded, rolled and shaped.

Stitcher Field, Pence reported, is in the best shape it has been in in recent years. It has been rolled, filled, graded and shaped. The Rolling Mill diamond will require some new dirt, and shaping and grading.

At Thomas Post Playground, the department is putting the finishing touches on the diamond there. The dirt is being rolled, grass cut, and a new backstop is being constructed with a protective screen between the playground so children will not be hurt.

The diamonds at the two high schools, Allegany and Fort Hill, are used by the Recreation Department.

Magistrate Thompson Admitted To Hospital

Magistrate Alban C. Thompson, who has been ordered to rest from his duties in Juvenile Court, was admitted Wednesday evening to Columbia Hospital, Wilkesburg, Pa. He was reported in "fair" condition yesterday.

Thompson, whose duties are being taken care of by substitute Magistrate Morris Baron, had gone to Pittsburgh earlier that day to visit a daughter, Mrs. Samuel Craig.

When the overall project is completed, all of the playing fields will be in good shape, Pence observed.

Vandegrift Gets Contract For Hospital Work

\$64,500 Bid Accepted By Memorial Board

A contract for alterations to the fourth floor of Memorial Hospital was awarded yesterday afternoon to the John I. Vandegrift Construction Company, which had submitted a low base bid of \$64,500 to the Board of Governors.

Construction work, according to John A. Moberly, hospital superintendent, will begin within two weeks and is expected to be completed within 120 calendar days.

Two other bids submitted included: George F. Hazelwood Company \$66,948, and George Construction Company, \$70,121. Alternates accepted by the Board of Governors, Moberly added, will reduce the cost of construction to \$62,073.

Upon completion of the construction work the fourth floor will provide space for four 4-bed wards, accommodating 16 patients; 10 semi-private rooms, 20 patients, and two private rooms, as well as provide a waiting room, utility rooms and toilet facilities for patients.

At present there are facilities on the fourth floor for the accommodation of 14 patients, Moberly pointed out, and when the construction work starts some remodeling work will be required on the present fourth floor.

These patients will be moved to other sections of the hospital where space is available. The hospital is now overcrowded and some patients are already in the hallways.

Understanding and cooperation on part of the public is requested by hospital authorities because of the overcrowded conditions.

Figuring on the basis of a patient being hospitalized for a seven-day period, Moberly said that when the construction work is completed and space provided for the 38 patients on the fourth floor, from 1,000 to 1,200 patients will be able to be admitted annually into the institution.

Staff For City Playgrounds To Be Appointed

Recommendations on the appointment of 26 temporary workers to supervise playgrounds this summer will be submitted by the Recreation Department to the Mayor and Council Monday.

Robert E. Pence, rec director, said the list includes one general playground supervisor, an assistant supervisor, 14 playground directors and 10 playground leaders.

He expressed pleasure with the quality of applicants for the summer job and added that 11 of the 26-member staff will be college graduates. Eight of the others have had one or more years of experience as playground leaders or directors.

Last Monday, the Mayor and Council appointed the 10-member staff for Constitution Park Pool.

Still to be named for the summer rec program will be a baseball and softball director and eight umpires.

City playgrounds will open for a nine-week season on June 21.

The week of June 14 will be devoted to a leadership training institute sponsored by the Recreation Department for the playground staff.

Applications for the Little League and Hot Stove League have been heavy, Pence said, and point to a good year.

Hot Stove teams are already practicing and will begin playing late this month, and Little League teams will open practice in about a week and begin games about the middle of June.

Sewage Disposal Hearing Deferred

The hearing on the long-pending sewage disposal plant dispute between the Mayor and City Council of Cumberland and the State Board of Health has been postponed another four weeks in Allegany County Circuit Court.

By agreement of attorneys for the disputants, the hearing has been moved back from May 24 and 25 to June 21 and 22, according to Associate Judge George Henderson.

Last action in the case was the filing of a 12-page agreed statement of fact and stipulation April 23. That stipulation bore the signature of Maryland Attorney General Edward D. E. Rollins, Ambrose T. Hartman, assistant attorney general for the State Board of Health, and City Attorney Thomas B. Finan.

Back in March 1952, the State Board of Health ordered the city to begin construction of a sewage disposal plant by September 1, 1952, and to have it in operation by this year. In early April of the same year the city filed an equity suit in Circuit Court here asking for an injunction against the State Board of Health order. The case has been pending ever since.

A Western District Baptist Sunday School mass meeting will be held Monday at 7:30 p. m. in First Baptist Church, Westernport. The various departments will hold conferences.

School Official Gets Letter From Teacher In Germany

A letter from one of the two German teachers who spent three weeks in Allegany County studying public education was received yesterday by Superintendent of Schools Ralph R. Webster.

The letter came from Miss Freia Wunderlich, who teaches first graders in the city of Offenburg in the province of Baden. She spent the last three weeks of March observing teaching practices at West Side School.

Kelly Union Re-elects W. G. Rice

William G. Rice was re-elected president of Local 26, Rubber Workers Union (CIO) in an election held here Wednesday.

Also elected were Gerald Young, secretary; Clyde E. O'Baker, treasurer; William E. Plummer, policy committee; Edward Twigg, trustee; Ralph C. Beard, executive board; and Graydon Dunlap, A. E. Johnson, O'Baker, Plummer and Gerald Young, labor management committee.

Qualified for a run-off election Wednesday are Herbert E. Dye and George Simmons, vice president, and Joseph Burke, Nick Cantone, William Colbert, Dunlap, Melvin Dye, Marcella House, Albert Jenkins, William Kroll, Rachel Muir, Ellis Robeson, William Sheetz and G. M. Yost, for six executive board posts.

Allegany High Sermon Is Set For May 30

The sermon program for Allegany High School's graduating class Sunday, May 30, has been announced by the school authorities. The program will be held at the high school auditorium, beginning at 2:30 p. m. with Rev. C. Lloyd Voll, pastor of St. Matthew's Evangelical Reformed Church of Bowling Green giving the sermon.

The service will open with an organ prelude with Robert Mann, organist. The procession, "Pomp and Circumstances" by Elgar, will have Mann at the organ and Marilyn Kreider, pianist. The hymn, "Come, Thou Almighty King," by Giardini will be sung by the senior body.

Rabbi Joseph Schimelman, spiritual director of Beth Jacob Congregation, will give the invocation, responded to by the Allegany High Octet singing, "The Lord's Prayer," by Malotte.

A responsive reading will be held in unison by the students and the senior choir will sing, "Now Let Every Tongue Adore Thee," by Bach.

The Scripture lesson is from Matthew 6:19-34. The Glee Club will present "Onward Christian Soldiers," Sullivan-Simeone, prior to Rev. Voll's sermon, "The Danger of the Search For Security."

The choir, with Margaret Moulton, soloist, will sing "Beautiful Savior," arranged by Christians, following Rev. Voll's sermon, and the student body will join in with "Holy, Holy, Holy" by Dykes.

Rabbi Schimelman will then pronounce the benediction.

Dial Twirlers Kept Busy By Freak TV Waves

Bouncing TV waves brought more reports of freak reception in the Cumberland area last night.

At least two residents picked up a clear picture and sound from Station KFEQ-TV in St. Joseph, Mo., at about 9 p. m. on Channel 2.

Others got a program from Falls City, Neb., on the same channel. On Thursday night, several Cumberland and Ridgeley residents picked up a program from KMTV-TV in Omaha, Neb., on Channel 3. One fellow even got a program originating in Havana, Cuba.

All said the freak reception was at least as good as normal reception from stations in the Tri-State area, a situation which is common in such phenomena. TV technicians said May to August is the season for freak reception. Weather or something.

Equity Suits Filed

Four equity suits were filed in Allegany County Circuit Court. The bills of complaint were titled Donna Lea Harris vs. Charles Leo Harris, Doris Carbaugh vs. Charles Carbaugh, Doris Sirbaugh vs. Lionel W. Sirbaugh, and Sarah Jane Dawson vs. Harry Menough Dawson Jr.

1,021 Families Register For Surplus Foods

Agencies Continue Program Next Week

A total of 1,021 families in Allegany County have registered for surplus foods distribution and the registration is to be continued three days next week.

Of this total, 608 have been enrolled by volunteer Red Cross workers in various parts of the county outside the city of Cumberland. In Cumberland proper, the Associated Charities registered a total of 188 in two days and the Salvation Army has an even 125. This makes a city total of 313 families.

The heaviest registration at any point in the county is at Frostburg with 159, while Lonaconing runs a close second with 155, an even larger percentage with respect to population.

Barton is also high on the list for its total population. There, 80 families are registered.

Mt. Savage also has its share of unemployed needy with 68 families recorded. The Midland and Gilmore area, with registrations being made at Midland, shows a total of 64.

The Westernport-Luke area, which also includes McCoole, has a total of 44 families registered, while Eckhart shows 38.

Registration To Continue

Mrs. Lee Witherup, executive secretary of the Red Cross chapter, said she is asking all her branch chairmen at these points to continue the registration Monday, Tuesday and Wednesday, because it is indicated that many people have not applied.

A survey was made with health nurses, veterans, volunteer firemen and other interested citizens, and it was the general consensus that names of some needy families do not appear on the list.

It was also determined by registrars in questioning those who did register that they had not known about the program until "told by a neighbor," or "told by someone else." Red Cross workers said some of these people cannot afford radios or newspapers, and thus have no way of knowing about the registration except by word of mouth.

Those asked to register with the Red Cross, Salvation Army or Associated Charities must be people not now receiving aid from the Allegany County Welfare Board. This agency is registering its own clients.

Persons eligible are those unemployed or otherwise in need whose income is substandard.

Deadline Next Week

The absolute deadline for registrations is next week, when lists must be tabulated, checked and properly compiled and certified for submission to the county commissioners. Then the county commissioners will indicate how much surplus food can be put to good use here and it will be ordered and distributed without cost to the recipients.

In the county, registration places will be open Monday, Tuesday and Wednesday from 1 p. m. to 3 p. m. as follows:

Frostburg, Firemen's Hall, Water Street; Barton, Firemen's Hall; Lonaconing, Red Cross Rooms, Main Street; Midland, Firemen's Hall; Eckhart, Thomas Grocery, Parkersburg Road; Mt. Savage, Community Building; Westernport and Luke, the Westernport Library, and Vale Summit, Zion Methodist Church.

Branch chairmen in charge of registrations include Mrs. J. C. Cobey, Frostburg; Mrs. Arthur P. Hoffa, Barton; Miss Eleanor Sloan, Lonaconing; Mrs. Ed Smith, Midland; Mrs. Clarence Thomas, Eckhart; Mrs. Coletta McNamee, Mt. Savage; Mrs. Paul Cueva, Westernport-Luke, and Willis Scott, Vale Summit.

The following figures show the registration to date:

Tower For Car Races

Final preparations for the annual Sports Car Races are being completed at the Municipal Airport and workmen are shown above constructing the control tower in the center of the triangular course. The tower will house Fred German, of Rochester, N. Y., who will act as safety director. Barriers have been placed at dangerous curves with the use of about 40 tons of straw. The opening race tomorrow is scheduled to get underway at 9 a. m. and the event is being sponsored by the Cumberland Lions Club. Some 122 entrants are expected to participate in the racing program.

Juliano Cited For Contempt In Pollack Case

Letter Writing Testimony Noted

BALTIMORE, May 14 (AP) — Michael Juliano, also known as "Kid" Julian, was cited for contempt of court today because of alleged actions in connection with a recent charge of attempted obstruction of justice against James H. (Jack) Pollack, Baltimore Democratic leader.

Criminal Court Judge Michael J. Manley cited Juliano to appear and show cause on or before May 21 why he should not be adjudged in contempt of court. Manley acted on a petition filed by State's Attorney Anselm Sodaro.

Sodaro said a letter allegedly dictated by Juliano had figured in testimony at the Cumberland trial of Pollack last April 26 when he won a directed verdict of acquittal on charges that he attempted to influence witnesses in a series of Baltimore morals trials.

The petition states that Juliano, on Feb. 17, while the Pollack case was still pending, met two of the scheduled witnesses, George H. Baccala and Armand L. Corridi, and had them copy a letter which he had already prepared. The letter was then sent to Pollack.

The petition added that the purpose of the letter was to aid Pollack and that the acts and conduct of Juliano were improper and in contempt of court.

The Cumberland judges who directed Pollack acquitted suggested the State's attorney look into the possibility of bringing charges against Juliano.

Baccala and Corridi testified at Pollack's trial that they copied the letter at Juliano's suggestion because they understood Pollack was not feeling well and they didn't want him to be upset because of him.

Baccala testified the political leader had questioned him about what he would say at his morals trial but had not attempted to persuade or instruct him in his testimony.

High-pressure fog from the 500-gallon water pump was used by the volunteer firemen in quenching the fire. They remained at the scene for about an hour.

Short Gap volunteer firemen received a call about 3 p. m. and rushed to the Smith farm, about one and a quarter miles west of Short Gap on Knobley Mountain Road.

Firemen confined the flames to the shed and said that if the wind had shifted the nearby residence would have caught fire. The building, which measured about 12 feet square, was valued at about \$200. The contents, including farm feed, were valued at \$100.

Smith was reported to have had no insurance.

City's Brand New 'Nickel Grabbers' Get Going-Over

Cumberland's new parking meters are taking a beating.

Officials said nine meters on Union Street, from the County Building to the B & O Railroad, were found damaged yesterday morning.

Harry Whisner, meter inspector, said the plastic dome tops of the meters were broken, apparently by heavy blows with a hammer.

On Thursday, a number of meters on Bedford Street were put out of service when vandals stuffed the coin slots with cardboard. Several other meters were put out of service after wads of chewing gum were forced into the coin slots.

Whisner said the meters otherwise are working fine and that the only trouble is from sabotage.

Farm Building Near Short Gap Guttled By Fire

About \$300 damage resulted yesterday afternoon on a farm near Short Gap when a kerosene brooder stove being prepared for use exploded and gutted a one-story frame shed owned by Joseph L. Smith.

No one was seriously injured, although the Smith residence, located about ten feet from the burning building, was threatened by fire as the flames quickly spread through the shed.

Short Gap volunteer firemen received a call about 3 p. m. and rushed to the Smith farm, about one and a quarter miles west of Short Gap on Knobley Mountain Road.

Firemen confined the flames to the shed and said that if the wind had shifted the nearby residence would have caught fire. The building, which measured about 12 feet square, was valued at about \$200. The contents, including farm feed, were valued at \$100.

Military, Naval Units Will Stage Displays Today

Armed Forces Day Program Scheduled

Cumberlanders will get a close-up view of military tactics and weapons today as service units stage a series of Armed Forces Day demonstrations at the Fair Grounds.

There won't be any parade, but Brig. Gen. Hugh P. Harris, chief of staff of the Second Army at Fort George G. Meade, will review an honor guard at 11:15 a. m. in front of the Post Office Building.

A luncheon will follow at the Fort Cumberland Hotel, and the program at Fairgo will start at 1:55 p. m.

Rev. H. Maunsell Richardson, rector of Emmanuel Episcopal Church, will open the program with invocation.

Army Reserve units will demonstrate squad maneuvers and pole construction.

The Sixth Special Infantry Company, Marine Corps Reserve, will demonstrate the part of the reinforced rifle squad in the attack, supported by flamethrowers.

The Naval Reserve and National Guard units also will stage military and technical demonstrations.

Gen. Harris will deliver the Armed Forces Day address at 3 p. m. Benediction by Rev. Marius Elsenor, O.F.M., Cap., pastor of St. Peter and Paul Catholic Church, will close the program.

Thomas F. Conlon is civilian chairman of the program, with Major Grant E. Hoover of the Army Reserve as project officer.

Stage Set Here For Sports Car Event Tomorrow

Trial Runs Slated At Airport Today

Cumberlanders were given a preview of what to expect in the line of sports cars as various models were driven into town yesterday by their owners, who will vie for honors tomorrow at the annual Sports Car Races at the Cumberland Airport.

Residents took a second glance at the sleek models as they traveled the city streets enroute to the airport for inspection and last-minute checks prior to the opening race tomorrow at 9 a. m.

The weatherman seems to be cooperating, with promises of warmer weather, although the skies are expected to be cloudy for the event.

Trial Runs Today

William R. Carscaden, race chairman, said last night the trial schedule today for the 122 entrants gets under way with familiarization on the race course from 10:10 a. m. until 10:50 a. m.

Racers will travel at speeds below 60 miles per hour. From 11:30 a. m. until 12:30 p. m. there will be observed driving. And from 1:30 p. m. until 4:45 p. m. mandatory practice for all entrants will be held.

There will be no charge for watching the time trials but only those with tickets for the Sunday races will be admitted.

Some 33 sports car enthusiasts from 10 different states will seek top awards in the grueling 80 miles of 50 laps in the Tri-State Trophy Race, scheduled at 12:45 p. m.

They include: S. E. Quigley, Chevy Chase, Md., who will be in the driver's seat of a Crosley; J. G. Whitlock, Pontiac, Mich., Bandini; John Bentley, Fort Washington, N. Y.; Siata; Tony Pompeo, New York City; Siata; R. T. Keller, Wilmington, Del.; Siata.

Vandegrift Gets Contract For Hospital Work

\$64,500 Bid Accepted By Memorial Board

A contract for alterations to the fourth floor of Memorial Hospital was awarded yesterday afternoon to the John I. Vandegrift Construction Company, which had submitted a low bid of \$64,500 to the Board of Governors.

Construction work, according to John A. Moberly, hospital superintendent, will begin within two weeks and is expected to be completed within 120 calendar days.

Two other bids submitted included: George F. Hazelwood Company, \$66,948, and George Construction Company, \$70,121. Alternates accepted by the Board of Governors, Moberly added, will reduce the cost of construction to \$62,073.

Upon completion of the construction work the fourth floor will provide space for four 4-bed wards, accommodating 16 patients; 10 semi-private rooms, 20 patients, and two private rooms, as well as provide a waiting room, utility rooms and toilet facilities for patients.

At present there are facilities on the fourth floor for the accommodation of 14 patients, Moberly pointed out, and when the construction work starts some remodeling work will be required on the present fourth floor.

These patients will be moved to other sections of the hospital where space is available. The hospital is now overcrowded and some patients are already in the hallways.

Understanding and cooperation on part of the public is requested by hospital authorities because of the overcrowded conditions.

Figuring on the basis of a patient being hospitalized for a seven-day period, Moberly said that when the construction work is completed and space provided for the 38 patients on the fourth floor, from 1,000 to 1,200 patients will be able to be admitted annually into the institution.

Staff For City Playgrounds To Be Appointed

Recommendations on the appointment of 26 temporary workers to supervise playgrounds this summer will be submitted by the Recreation Department to the Mayor and Council Monday.

Robert E. Pence, rec director, said the list includes one general playground supervisor, an assistant supervisor, 14 playground directors and 10 playground leaders.

He expressed pleasure with the quality of applicants for the summer job and added that 11 of the 26-member staff will be college graduates. Eight of the others have had one or more years of experience as playground leaders or directors.

Last Monday, the Mayor and Council appointed the 10-member staff for Constitution Park Pool.

Still to be named for the summer rec program will be a baseball and softball director and eight umpires.

City playgrounds will open for a nine-week season on June 21.

The week of June 14 will be devoted to a leadership training institute sponsored by the Recreation Department for the playground staff.

Applications for the Little League and Hot Stove League have been heavy, Pence said, and point to a good year.

Hot Stove teams are already practicing and will begin playing late this month, and Little League teams will open practice in about a week and begin games about the middle of June.

Sewage Disposal Hearing Deferred

The hearing on the long-pending sewage disposal plant dispute between the Mayor and City Council of Cumberland and the State Board of Health has been postponed another four weeks in Allegany County Circuit Court.

By agreement of attorneys for the disputants, the hearing has been moved back from May 24 and 25 to June 21 and 22, according to Associate Judge George Henderson.

Last action in the case was the filing of a 12-page agreed statement of fact and stipulation April 23. That stipulation bore the signature of Maryland Attorney General Edward D. E. Rollins, Ambrose T. Hartman, assistant attorney general for the State Board of Health, and City Attorney Thomas B. Finan.

Back in March 1952, the State Board of Health ordered the city to begin construction of a sewage disposal plant by September 1, 1952, and to have it in operation by this year. In early April of the same year the city filed an equity suit in Circuit Court here asking for an injunction against the State Board of Health order. The case has been pending ever since.

Will Meet Monday

A Western District Baptist Sunday School mass meeting will be held Monday at 7:30 p. m. in First Baptist Church, Westernport. The various departments will hold conferences.

School Official Gets Letter From Teacher In Germany

A letter from one of the two German teachers who spent three weeks in Allegany County studying public education was received yesterday by Superintendent of Schools Ralph R. Webster.

The letter came from Miss Freia Wunderlich, who teaches first graders in the city of Offenburg in the last three weeks of March observing teaching practices at West Side School.

Kelly Union Re-elects W. G. Rice

William G. Rice was re-elected president of Local 26, Rubber Workers Union (CIO) in an election held here Wednesday.

Also elected were Gerald Young, secretary; Clyde E. O'Baker, treasurer; William E. Plummer, policy committee; Edward Twigg, trustee; Ralph C. Beard, executive board; and Graydon Dunlap, A. E. Johnson, O'Baker, Plummer and Gerald Young, labor management committee.

Qualified for a run-off election Wednesday are Herbert E. Dye and George Simmons, vice president, and Joseph Burke, Nick Cantone, William Colbert, Dunlap, Melvin Dye, Marcella Lowe, Albert Jenkins, William Kroll, Rachel Muir, Ellis Robeson, William Sheetz and G. M. Yost, for six executive board posts.

Allegany High Sermon Is Set For May 30

The sermon program for Allegany High School's graduating class Sunday, May 30, has been announced by the school authorities. The program will be held at the high school auditorium, beginning at 2:30 p. m. with Rev. C. Lloyd Voll, pastor of St. Matthew's Evangelical Reformed Church of Bowling Green giving the sermon.

The service will open with an organ prelude with Robert Mann, organist. The processional, "Pomp and Circumstances" by Elgar, will have Mann at the organ and Marilyn Kreider, pianist. The hymn, "Come, Thou Almighty King," by Giardini will be sung by the senior body.

Rabbi Joseph Schimelman, spiritual director of Beth Jacob Congregation, will give the invocation, responded to by the Allegany High Octet singing, "The Lord's Prayer," by Malotte.

A responsive reading will be held in unison by the students and the senior choir will sing, "Now Let Every Tongue Adore Thee," by Bach.

The Scripture lesson is from Matthew 6:19-34. The Glee Club will present "Onward Christian Soldiers," Sullivan-Simeone, prior to Rev. Voll's sermon, "The Danger of the Search For Security."

The choir, with Margaret Moulton, soloist, will sing "Beautiful Savior," arranged by Christiansen, following Rev. Voll's sermon, and the student body will join in with "Holy, Holy, Holy" by Dykes.

Rabbi Schimelman will then pronounce the benediction.

Dial Twirlers Kept Busy By Freak TV Waves

Bouncing TV waves brought more reports of freak reception in the Cumberland area last night.

At least two residents picked up a clear picture and sound from Station KFEQ-TV in St. Joseph, Mo., at about 9 p.m. on Channel 2. Others got a program from Falls City, Neb., on the same channel.

On Thursday night, several Cumberland and Ridgeley residents picked up a program from KMTV-TV in Omaha, Neb., on Channel 3. One fellow even got a program originating in Havana, Cuba.

All said the freak reception was at least as good as normal reception from stations in the Tri-State area, a situation which is common in such phenomena. TV technicians said May to August is the season for freak reception. Weather or something.

Equity Suits Filed

Four equity suits were filed in Allegany County Circuit Court. The bills of complaint were titled: Donna Lea Harris vs. Charlie Leo Harris, Doris Carbaugh vs. Charles Carbaugh, Doris Sirbaugh vs. Lionel W. Sirbaugh, and Sarah Jane Dawson vs. Harry Menough Dawson Jr.

'Inequities' Disclosed In Health Finance Study

Allegany County taxpayers contribute more than the state average for health department services, and residents who live in Cumberland paid, according to City Auditor Arthur B. Gibson, about three-fourths of the county's health bill. The county contributes 54 per cent of the tax dollars spent for health services, which is above the state average of 49.7 per cent, according to data supplied by a special committee set up by the 1953 General Assembly to study the state's health services financing.

During the 1952-1953 fiscal year, public health financing in Allegany County cost \$129,000. This included about equal appropriations made by the Board of Allegany County Commissioners and the City of

Webster said he had received a similar letter from Miss Kaete Elise Lorenzen of Kiel in Schleswig-Holstein. Miss Lorenzen concentrated her efforts at Allegany High School when she visited here.

In her letter, Miss Wunderlich mentioned some of the sights she saw in three days in New York City before returning to her home. She saw the United Nations Building, the Empire State Building and the Statue of Liberty. She also heard a concert at Carnegie Hall and saw "Parsifal," the last opera presented this season at the Metropolitan.

Concerning her experiences during a seven-month stay in the United States, Miss Wunderlich wrote to the school superintendent:

"There is no other way to get a living picture of a country than to visit it and to study it. That's the most unique value I got out of the various experiences that I know the land, the nature and scenery, the natural, geographical and geological facts out of which the economics are to be understood and then I got more than a glimpse of the way of life of the people, of the social and political values which are held among them."

"I learned to understand the cultural and education aims all together a picture of America, which I couldn't win out of books and intellectual study."

"In this, my study period, I saw many things I am able to apply here—like committee and single work in subjects like geography and science, like little reading groups, like emphasizing foreign relations etc.—some other things don't fit in our culture. But in America we learned to know ourselves better. We recognized advantages and disadvantages in our educational system and I especially got some ideas for a school reform."

"Unforgettable are the feelings of friendship I have towards so many American people. I am very thankful to them because they enriched my stay and studies in a wonderful way, always ready to help, to show me something or make valuable arrangements. I hope that our program, our visit in the United States will add a great deal to fortify the ties of peace between both nations, between America and Europe."

Miss Wunderlich concluded her letter with thanks to Webster for his support and help, for the fine arrangements and for the dinner invitation.

70 Candidates To Receive KC Fourth Degree

Rev. Herbert R. Jordon, assistant pastor of St. John's Catholic Church, Frederick, will be guest speaker tomorrow at the banquet honoring some 70 candidates who will receive the Fourth Degree in the Knights of Columbus.

The event, planned at the home of Council 586, will begin at 6 p. m. with Carl Firlie, past faithful navigator of Chief Justice Taney Assembly, acting as toastmaster.

The 70 candidates from Cumberland, Piedmont, Frostburg, Mt. Savage, Hagerstown and Martinsburg will meet at the ground floor of the home tomorrow at noon for preliminary instructions and for the checking of credentials and Communication certificates.

Charles B. Humelsine, master of the Fourth Degree of Maryland, will be in charge of the degree work and will be assisted by Sir Knight John J. Eustace, master of the Fourth in Washington.

Sir Knight Arthur F. Young, faithful navigator of the local assembly, said faithful navigators of other assemblies throughout the state will be present.

Also slated to attend are Vice Supreme Master Charles J. Considine of the Calvert Province, which comprises Maryland, District of Columbia, New Jersey and Hawaii; Sir Knight Louis C. Spielman, Master of the Hannepin District, Clarksburg, W. Va., and Sir Knight John B. Bauernschub, State Deputy of Maryland.

Local 26 To Meet

Local 26, Rubber Workers Union (CIO), will hold a membership meeting today at 7:30 p. m. Business will include a report of the wage committee.

1,021 Families Register For Surplus Foods

Agencies Continue Program Next Week

A total of 1,021 families in Allegany County have registered for surplus foods distribution and the registration is to be continued three days next week.

Of this total, 608 have been enrolled by volunteer Red Cross workers in various parts of the county outside the city of Cumberland. In Cumberland proper, the Associated Charities registered a total of 188 in two days and the Salvation Army has an even 125. This makes a city total of 313 families.

The heaviest registration at any point in the county is at Frostburg with 159, while Lonaconing runs a close second with 155, an even larger percentage with respect to population.

Barton is also high on the list for its total population. There, 80 families are registered.

Mt. Savage also has its share of unemployed needy with 68 families recorded. The Midland and Gilmore area, with registrations being made at Midland, shows a total of 64.

The Westernport-Luke area, which also includes McCoole, has a total of 44 families registered, while Eckhart shows 38.

Registration To Continue

Mrs. Lee Witherup, executive secretary of the Red Cross chapter, said she is asking all her branch chairmen at these points to continue the registration Monday, Tuesday and Wednesday, because it is indicated that many people have not applied.

A survey was made with health nurses, veterans, volunteer firemen and other interested citizens, and it was the general consensus that names of some needy families do not appear on the list.

It was also determined by registrars in questioning those who did register that they had not known about the program until "told by a neighbor," or "told by someone else." Red Cross workers said some of these people cannot afford radios or newspapers, and thus have no way of knowing about the registration except by word of mouth.

Those asked to register with the Red Cross, Salvation Army or Associated Charities must be people not now receiving aid from the Allegany County Welfare Board. This agency is registering its own clients.

Persons eligible are those unemployed or otherwise in need whose income is substandard.

Deadline Next Week

The absolute deadline for registrations is next week, when lists must be tabulated, checked and properly compiled and certified for submission to the county commissioners. Then the county commissioners will indicate how much surplus food can be put to good use here and it will be ordered and distributed without cost to the recipients.

In the county, registration places will be open Monday, Tuesday and Wednesday from 1 p. m. to 3 p. m. as follows:

Frostburg, Firemen's Hall, Water Street; Barton, Firemen's Hall; Lonaconing, Red Cross Rooms, Main Street; Midland, Firemen's Hall; Eckhart, Thomas Grocery, Parkersburg Road; Mt. Savage, Community Building; Westernport and Luke, the Westernport Library, and Vale Summit, Zion Methodist Church.

Branch chairmen in charge of registrations include Mrs. J. C. Cobey, Frostburg; Mrs. Arthur P. Hoffa, Barton; Miss Eleanor Sloan, Lonaconing; Mrs. Ed Smith, Midland; Mrs. Clarence Thomas, Eckhart; Mrs. Coletta McNamee, Mt. Savage; Mrs. Paul Cueva, Westernport-Luke, and Willis Scott, Vale Summit.

The following figures show the registration to date:

	First Day	Second Day	Third Day	Total
Frostburg	30	90	39	159
Lonaconing	35	67	53	155
Barton	17	22	41	80

Tower For Car Races

Final preparations for the annual Sports Car Races are being completed at the Municipal Airport and workmen are shown above constructing the control tower in the center of the triangular course. The tower will house Fred German, of Rochester, N. Y., who will act as safety director. Barriers have been placed at dangerous curves with the use of about 40 tons of straw. The opening race tomorrow is scheduled to get underway at 9 a. m. and the event is being sponsored by the Cumberland Lions Club. Some 122 entrants are expected to participate in the racing program.

Juliano Cited For Contempt In Pollack Case

Letter Writing Testimony Noted

BALTIMORE, May 14 (AP) — Michael Juliano, also known as "Kid" Julian, was cited for contempt of court today because of alleged actions in connection with a recent charge of attempted obstruction of justice against James H. (Jack) Pollack, Baltimore Democratic leader.

Criminal Court Judge Michael J. Manley cited Juliano to appear and show cause on or before May 21 why he should not be adjudged in contempt of court. Manley acted on a petition filed by State's Attorney Anselm Sodaro.

Sodaro said a letter allegedly dictated by Juliano had figured in testimony at the Cumberland trial of Pollack last April 26 when he won a directed verdict of acquittal on charges that he attempted to influence witnesses in a series of Baltimore morals trials.

The petition states that Juliano, on Feb. 17, while the Pollack case was still pending, met two of the scheduled witnesses, George H. Baccala and Armand L. Corridi, and had them copy a letter which he had already prepared. The letter was then sent to Pollack.

The petition added that the purpose of the letter was to aid Pollack and that the acts and conduct of Juliano were improper and in contempt of court.

The Cumberland judges who directed Pollack acquitted suggested the State's attorney look into the possibility of bringing charges against Juliano.

Baccala and Corridi testified at Pollack's trial that they copied the letter at Juliano's suggestion because they understood Pollack was not feeling well and they didn't want him to be upset because of him.

Baccala testified the political leader had questioned him about what he would say at his morals trial but had not attempted to persuade or instruct him in his testimony.

Sports Car Owner Uses Van, Plane To Get To Races

L. J. Fageol of Cuyahoga Falls, Ohio, had to utilize a motor van and a plane to get here for the Sports Car races tomorrow.

The Ohioan sent his four cars in the van. Then he hopped a plane so he could get here in time for the time trials this morning.

City's Brand New 'Nickel Grabbers' Get Going-Over

Cumberland's new parking meters are taking a beating.

Officials said nine meters on Union Street, from the County Building to the B & O Railroad, were found damaged yesterday morning.

Harry Whisner, meter inspector, said the plastic dome tops of the meters were broken, apparently by heavy blows with a hammer.

On Thursday, a number of meters on Bedford Street were put out of service when vandals stuffed the coin slots with cardboard.

Several other meters were put out of service after wads of chewing gum were forced into the coin slots.

Whisner said the meters otherwise are working fine and that the only trouble is from sabotage.

Farm Building Near Short Gap Gutted By Fire

About \$300 damage resulted yesterday afternoon on a farm near Short Gap when a kerosene brooder stove being prepared for use exploded and gutted a one-story frame shed owned by Joseph L. Smith.

No one was seriously injured, although the Smith residence, located about ten feet from the burning building, was threatened by fire as the flames quickly spread through the shed.

Short Gap volunteer firemen received a call about 3 p. m. and rushed to the Smith farm, about one and a quarter miles west of Short Gap on Knobley Mountain Road.

Firemen confined the flames to the shed and said that if the wind had shifted the nearby residence would have caught fire. The building, which measured about 12 feet square, was valued at about \$200. The contents, including farm feed, were valued at \$100.

Smith was reported to have had no insurance. High-pressure fog from the 500-gallon water pump was used by the volunteer firemen in quenching the fire. They remained at the scene for about an hour.

Military, Naval Units Will Stage Displays Today

Armed Forces Day Program Scheduled

Cumberlanders will get a close-up view of military tactics and weapons today as service units stage a series of Armed Forces Day demonstrations at the Fair Grounds.

There won't be any parade, but Brig. Gen. Hugh P. Harris, chief of staff of the Second Army at Fort George G. Meade, will review an honor guard at 11:15 a. m. in front of the Post Office Building.

A luncheon will follow at the Fort Cumberland Hotel, and the program at Fairgo will start at 1:55 p. m.

Rev. H. Maunsell Richardson, rector of Emmanuel Episcopal Church, will open the program with invocation.

Army Reserve units will demonstrate squad maneuvers and pole construction. The Sixth Special Infantry Company, Marine Corps Reserve, will demonstrate the part of the reinforced rifle squad in the attack, supported by flamethrowers.

The Naval Reserve and National Guard units also will stage military and technical demonstrations.

Gen. Harris will deliver the Armed Forces Day address at 3 p. m. Benediction by Rev. Marius Elsener, O.F.M., Cap., pastor of St. Peter and Paul Catholic Church, will close the program.

Thomas F. Conlon is civilian chairman of the program, with Major Grant E. Hoover of the Army Reserve as project officer.

Stage Set Here For Sports Car Event Tomorrow

Trial Runs Slated At Airport Today

Cumberlanders were given a preview of what to expect in the line of sports cars as various models were driven into town yesterday by their owners, who will vie for honors tomorrow at the annual Sports Car Races at the Cumberland Airport.

Residents took a second glance at the sleek models as they traveled the city streets enroute to the airport for inspection and last-minute checks prior to the opening race tomorrow at 9 a. m.

The weatherman seems to be cooperating, with promises of warmer weather, although the skies are expected to be cloudy for the event.

Trial Runs Today

William R. Carscaden, race chairman, said last night the trial schedule today for the 122 entrants gets under way with familiarization on the race course from 10:10 a. m. until 10:50 a. m.

Racers will travel at speeds below 60 miles per hour. From 11:30 a. m. until 12:3
